AGREEMENTS AND OTHER BILATERAL COMMITMENTS LINKING THE COMMUNITIES WITH  
NON MEMBER COUNTRIES  
(As at 30 June 1983)

Brussels, july 1983

## FOREWORD

This updated version of the basic data concerning the treaties and other bilateral commitments linking the European Communities with non-member countries or groups of countries is published six months after the French language version in the same field. By alternating the two language versions in this way, the Treaties Office is able to produce a complete and up-to-date list every six months, in addition to providing documentation in response to specific requests (Tel. : 56162 and 54848).

The list follows the pattern established in the previous versions. The agreements are grouped by geographical area (except for China). For each country the agreements are classified not according to their importance but in chronological order. Some acts have not been included. This is for reasons inherent in the nature of such acts, they will be listed as and when they develop into agreements proper or can be made public.

The Treaties Office welcomes reactions to this document so that it can adapt its programme and activities to the requirements of the departments concerned and to developments in the Communities' international relations.
