MEETING WITHIN THE COUNCIL LAYING DOWN PROVISIONAL ARRANGEMENTS  
FOR TRADE CONDUCTED BY GREECE WITH THE ACP STATES IN  
PRODUCTS COVERED BY THAT COMMUNITY

COM(80) 857 final

Explanatory memorandum

1. The Act concerning the conditions of accession of the Hellenic Republic to the European Communities provides for the application by Greece, according to certain detailed rules, of the agreements concluded by the Community with certain non-member countries, and in particular the ACP States, and the transitional measures and necessary adaptations will be the subject of protocols negotiated between the countries concerned and the Community.

The Act of Accession also provides (Article 119) that if the protocols are not concluded by 1 January 1981, the Community should take the necessary measures to deal with the situation as from accession.

The negotiations with the ACP States were only able to commence officially on 28 November 1980 on the basis of negotiating directives issued by the Council on 24 July 1980. These negotiations cannot be concluded before 1 January 1981.

The three month temporary arrangement which it is proposed to apply to the ACP States is the same as that which will apply to other preferential non-member countries which have already signed protocols with the Community.

This period of three months should be sufficient to allow the negotiations already under way with the ACP States to be concluded.

2. In order to maintain the parallelism between the arrangements applied to ACP States and those applied to OCT territories, it is proposed to apply to the latter the measures proposed for the ACP States.
3. The adaptations required for ECSC products are also the subject of similar propositions.

Proposal for a Council Regulation  
laying down the provisional arrangements  
to trade between the Hellenic Republic  
and the ACP States

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,  
and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas it is necessary to fix by autonomous manner the individual conditions of application by the Hellenic Republic to commence with its entry, of trade between the Hellenic Republic and the ACP States resulting from the second ACP/CEE Convention signed at Lomé the 31st October, 1979, while awaiting the result of negotiations which are taking place with the ACP States in view of the conclusion of a Protocol bearing the adaptation and transitory measures of the above-mentioned Convention taking into account the entry of the Hellenic Republic to the Community.

HAS ADOPTED THIS REGULATION :

Article 1

From 1 January 1981 until 31st March, 1981, the provisional arrangements applicable to trade between the Hellenic Republic and the ACP States shall be those resulting from the provisions of the Agreement, as amended in accordance with the Annex to this Regulation.

The Council, acting on the Commission's proposal, will arrange that the trade arrangements enter into force as from 1st April, 1981.

Article 2

This Regulation shall enter into force on the days following that of its publication in the Official Journal of the European Communities. It shall expire upon the entry into force of the Protocol.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Council

The President

2. However, in respect of matches falling within heading No 36.06 of the Common Customs Tariff of the European Communities, the basic duty shall be 17,2 % ad valorem.

Article 3

  - the duty (other than the variable component) resulting from the provisions of the Agreement.

Article 6

In the case of products listed in Annex II to the EEC Treaty, the preferential rates provided for or calculated shall be applied to the duties actually levied by the Hellenic Republic in respect of third countries as laid down in Article 64 of the Act of Accession of the Hellenic Republic to the European Communities.

In no case should Greek imports from ACP States benefit from rates of duty more favourable than those applied to products from the Community as at present constituted.

However, with regard to motor coaches and buses and other vehicles falling within subheading ex 87.02 A I of the Common Customs Tariff, the volume quota shall be raised by 15 % a year and the quota relating to the value by 20 % a year.

4. Where it is found that imports into Greece of a product listed in Annex II have for two consecutive years been less than 90 % of the quota, the Hellenic Republic shall liberalize imports of that product originating in ACP States if the product in question is at that time liberalized towards the Community as at present constituted.
5. If the Hellenic Republic liberalizes imports of a product listed in Annex II from the Community as at present constituted or increases a quota applicable to the Community as at present constituted, beyond the minimum rate as laid down in Paragraph 3, the Hellenic Republic shall also liberalize imports of that product originating in or increase the quota proportionally.
6. Regarding licences for imports of products listed in Annex II and originating in ACP States the Hellenic Republic shall apply the same administrative rules and practices as applied to such imports originating in the Community as at present constituted, with the exception of the quota for fertilisers falling within the heading Nos 31.02, 31.03 and 31.05 A I, II and IV of the Common Customs Tariff of the European Communities, where the Hellenic Republic may apply the rules and practices relevant to the exclusive marketing rights.
