1997 PROGRAMME

NEW LEGISLATIVE PROPOSALS

The measures set out below for the Commission's 1997 work programme correspond to the new legislative proposals which it plans to present. These are all new measures: adaptations or amendments of existing legislation are not included. Proposals already programmed in previous years are not reproduced here.

1. Strengthening of convergence for Member States not participating in the third stage of EMU (Art. 103(5))
2. VAT: Broad principles of operation in line with the needs of the single market
3. Indirect taxation: mutual assistance for the recovery of public, tax and customs debts
4. Primary products in the pharmaceutical industry
5. Compulsory third-party insurance for motorists (visiting motorists directive)
6. Encrypted services (follow-up to Green Paper of 6.3.1995)
7. Harmonization of copyright and related rights (follow-up to Green Paper on copyright and related rights in the information society)
8. Common system of taxation applicable to interest and royalty payments made between parent companies and subsidiaries in different Member States
9. Fifth framework programme for research and technological development (R&TD): European research in the service of the citizen
10. Environmental control of plant not covered by the integrated pollution control Directive
11. Training of safety advisers for the transport of dangerous goods by road, rail and inland waterway
12. Composition of ship crews, rest time and sailing time
13. Framework for noise measurement and noise monitoring around airports (CTP)
14. Issuing of air carrier certificates (transposal of JAR OPS)
15. Harmonization measures required for the deployment of telematics for road transport
