SECRETARIAT OF THE  
COMMISSION OF THE EUROPEAN COMMUNITIES

**Approximation  
of legislation**

**Work undertaken  
between 1 January 1958  
and 31 March 1967**

This document is a reproduction with additional detail of the list of approximation work given in the Eighth General Report on the Activities of the Community (Table 7) and the up-dated versions of this given in the Ninth and Tenth General Reports (Table 8).<sup>1</sup>

The new table comprises the old text with amendments and new approximation measures; it supersedes the table published in the Supplement to the Bulletin of the European Economic Community, No. 8-1966.

Consequently, for a complete picture of the approximation work undertaken since the inception of the Community and for a check on the stage reached in this work on 31 March 1967, the reader now needs to consult this table only.

It also gives the basis and the legal nature of each of the approximation measures, with references to texts published in the official gazette of the European Communities or the Supplement to the Bulletin, both for final measures and for proposals. Where the Commission's proposals were not published when laid before the Council and where the Council has not yet adopted its decision, the table gives the reference to the only text published in the official gazette, i.e. that of the proposal amended by the European Parliament or the Economic and Social Committee.
