### Article 1

For a period of two years from 16 June 1995, the fishing possibilities granted pursuant to Article 4 of the Agreement shall be as follows:

2. freezer tuna seiners: 26 vessels;
3. pole-and-line tuna vessels and surface longliners: 16 vessels.

### Article 2

1. The financial compensation referred to in Article 9 of the Agreement shall be, for the period referred to in Article 1, ECU 10 800 000, payable in two instalments of ECU 6 000 000 in the first year and ECU 4 800 000 in the second.
2. If the target agreed between the two Contracting Parties is reached, the Community shall pay additional financial compensation of ECU 1 200 000 in the second annual period.
3. The use to which this compensation is put shall be the sole responsibility of the Government of the Republic of Guinea-Bissau.
4. The compensation shall be paid into an account opened with a financial institution or any other body designated by Guinea-Bissau.

### Article 3

At the request of the Community, the fishing possibilities referred to in Article 1 (1) may be increased by successive instalments of 1 000 GRT per month, calculated on an annual average basis, if fishing resources permit. In this case, the financial compensation referred to in Article 2 shall be increased proportionately.

#### Article 4

The Community shall also contribute during the period referred to in Article 1 the sum of ECU 150 000 towards the financing of a Guinea-Bissau scientific or technical programme to improve information on the fishery resources within the exclusive economic zone of Guinea-Bissau and the functioning of the marine biology laboratory.

This sum shall be made available to the Government of the Republic of Guinea-Bissau and paid into the account indicated by the Guinea-Bissau authorities.

To that end, the Community shall make it easier for nationals of Guinea-Bissau to find places in establishments in its Member States and shall provide for that purpose, during the period referred to in Article 1, awards for study and practical training in the various scientific, technical and economic disciplines relating to fisheries. The awards may also be used in any country linked with the Community by a cooperation agreement. The total cost of the awards may not exceed ECU 100 000. At the request of the Guinea-Bissau authorities, part of this sum may be used to cover the costs of participation in international meetings or training courses concerning fisheries or the organization of seminars on fishing in Guinea-Bissau. The sum shall be payable as and when it is used.

#### Article 6

The Commission shall also contribute to funding the following programmes:

- institutional support for the Ministry of Fisheries (ECU 100 000),

#### Article 8

The Annex to the Agreement between the European Economic Community and the Government of the Republic of Guinea-Bissau on fishing off the coast of Guinea-Bissau is hereby repealed and replaced by the Annex to this Protocol.

#### Article 9

It shall apply from 16 June 1995.

## ANNEX

### CONDITIONS GOVERNING FISHING BY COMMUNITY VESSELS IN GUINEA-BISSAU'S FISHING ZONE

#### A. Licence application and issuing formalities

1. The relevant Community authorities shall present to the Ministry of Fisheries of the Republic of Guinea-Bissau, via the Commission Delegation in Guinea-Bissau, an application for each vessel that is to be used for fishing under the Agreement, at least 20 days before the requested term of validity commences.

Applications shall be made on the forms provided for that purpose by the Government of the Republic of Guinea-Bissau, specimens of which are attached hereto (Appendix 1).

2. Licence applications shall be accompanied by proof of payment of the fee for the licence's term of validity, the amount laid down in E2 below and, in the case of freezer trawlers, a copy of the document drawn up by the Member State certifying the vessel's tonnage in GRT. The fee shall be paid into the account indicated by the Guinea-Bissau authorities. The original of the licence shall be issued to the master of the vessel or to his representative. The Delegation of the Commission of the European Communities in Bissau shall be notified of each licence issued.
3. The fees shall include all national and local taxes with the exception of port fees and charges for the provision of services.
4. The following twelve-month periods shall be used for determining the validity of the licences:

First year: 16 June 1995 to 15 June 1996

Second year: 16 June 1996 to 15 June 1997.

No licence may begin during the first period and end during the second.

5. Licences shall be issued for specific vessels and shall not be transferable. However, at the request of the Community and where force majeure is proven, a vessel's licence shall be replaced by a new licence for another vessel whose features are similar to those of the first vessel. The new licence shall take effect on the day that the vessel's owner returns the cancelled licence to the Ministry of Fisheries of the Republic of Guinea-Bissau. The Delegation of the Commission of the European Communities in Guinea-Bissau shall be informed of the licence transfer.
6. Provisions applicable to freezer trawlers

6.1. Licences must be kept on board at all times.

6.2. Before licences are issued, vessels must put into the port of Bissau once in each twelve-month period so that the inspection required under the current legislation can be carried out. This inspection shall be carried out only by duly authorized persons and must take place within 48 working hours of the vessel's arrival in port if notice of arrival has been given at least 48 hours beforehand.

Should a new licence be allocated in that same twelve-month period, the vessel shall not be required to undergo inspection. Time spent in port for the purposes of obtaining a new licence must not exceed 48 hours and the costs and taxes involved must not exceed ECU 60. If the licence is not issued within the 48-hour limit, any costs arising shall be borne by the Ministry of Fisheries. If the vessel remains in port after the licence is issued, the shipowner shall bear the relevant costs and taxes.

6.3. Article 4(3) of the Agreement notwithstanding, licences shall be issued for three, six or twelve months and shall be renewable.

6.4. The fees for trawlers shall be as follows:

- in the case of twelve-month licences:

ECU 188 per GRT per year for fin-fish trawlers;  
ECU 209 per GRT per year for cephalopod trawlers;  
ECU 266 per GRT per year for shrimp trawlers.

- in the case of six-month licences:

ECU 97 per GRT per year for fin-fish trawlers;  
ECU 108 per GRT per year for cephalopod trawlers;  
ECU 137 per GRT per year for shrimp trawlers.

- in the case of three-month licences:

ECU 50 per GRT per year for fin-fish trawlers;  
ECU 55 per GRT per year for cephalopod trawlers;  
ECU 70 per GRT per year for shrimp trawlers.

## 7. Provisions applicable to tuna vessels and surface longliners

7.1. Licences must be kept on board at all times. However, once the Commission of the European Communities has informed the Guinea-Bissau authorities that the advance payment has been made, they shall enter the vessel in question in the register of vessels authorized to fish that is sent to the Guinea-Bissau

surveillance authorities. Pending receipt of the original of the licence, a copy of the licence drawn up may be sent by fax for keeping on board.

- 7.2. Licences shall cover twelve-month periods. The fees shall be ECU 20 per tonne per year caught within Guinea-Bissau's fishing zone.
- 7.3. Licences shall be issued following payment to the Ministry of Fisheries of a lump sum of ECU 1 500 per twelve months for each tuna seiner and ECU 300 per twelve months for each pole-and-line tuna vessel and surface longliner, covering the fees for:
- 75 tonnes of tuna caught per year in the case of seiners,
  - 15 tonnes caught per year in the case of pole-and-line tuna vessels and surface longliners.
- 7.4. The final statement of the fees due for the fishing period shall be drawn up by the Commission of the European Communities at the end of each calendar year on the basis of the catch statements made by each shipowner and confirmed by the scientific institutes responsible for verifying catch data (Orstom and IEO - Spanish Institute of Oceanography). The statement shall be forwarded simultaneously to the Ministry of Fisheries and to the shipowners. Any additional charges shall be paid by the shipowners to the Guinea-Bissau Ministry of Fisheries of by 31 May of the following year at the latest, into the account referred to in A.2 above. However, if the final statement is lower than the abovementioned amount, the resulting balance shall not be reimbursed.

#### B. Statements of catch

All Community vessels authorized under the Agreement to fish in Guinea-Bissau's fishing zone are required to forward a statement of their catches to the Ministry of Fisheries, with a copy to the Delegation of the Commission of the European Communities in Guinea-Bissau, in accordance with the following :

- for trawlers, a statement of catch shall be made out according to the specimen annexed hereto (Appendix 2). Statements of catch shall be drawn up each month and presented at least once each quarter,
- for tuna seiners, pole-and-line tuna vessels and surface longliners, a fishing log shall be kept, in accordance with Appendix 3, for each fishing period spent in Guinea-Bissau's fishing zone. The form must be sent, within 45 days of the end of the fishing period spent in the Guinea-Bissau fishing zone, to the Ministry of Fisheries via the Delegation of the Commission of the European Communities in Guinea-Bissau,
- forms must be completed legibly and be signed by the master of the vessel.

Should this provision not be adhered to, the Government of Guinea-Bissau reserves the right to suspend the licence of the offending vessel until the formality has been complied with.

**C. By-catches**

1. Fin-fish trawlers may not hold on board crustaceans representing more than 10 % of their total catch in the Guinea-Bissau fishing zone.

Cephalopod trawlers may not hold on board crustaceans representing more than 5% or fish representing more than 30 % of their total catch in the Guinea-Bissau fishing zone.

2. Pole-and-line tuna vessels shall be authorized to fish for live bait in order to carry out their fishing activities in the Guinea-Bissau fishing zone.

Owners who have been issued fishing licences under the Agreement shall contribute to the practical vocational training of Guinea-Bissau nationals, subject to the conditions and limits set out below:

1. Each trawler owner shall undertake to employ:
  - three seamen/fishermen on vessels of up to 300 GRT,
  - four seamen/fishermen on vessels of 300 to 400 GRT,
  - five seamen/fishermen on vessels of more than 400 GRT;

However, Community shipowners shall strive to increase the complement of Guinea-Bissau seamen signed on to 33% of the non-officer staff engaged in fishing activities.

2. Owners of tuna vessels and surface longliners shall undertake to employ Guinea-Bissau nationals, subject to the conditions and limits set out below:
  - for the fleet of tuna seiners, four Guinea-Bissau seamen shall be signed on permanently in the Guinea-Bissau fishing zone,
  - for the fleet of pole-and-line tuna vessels and surface longliners, six Guinea-Bissau seamen shall be signed on for the tuna fishing season in the Guinea-Bissau fishing zone, all of them to be assigned to different vessels;
3. the wages of these seamen/fishermen shall be fixed, before licences are issued, by mutual agreement between the shipowners or their representatives and the Ministry of Fisheries; the wages shall be borne by the shipowners and must include the social security contributions to which the seaman is subject (including life insurance and accident and sickness insurance).

Should the seamen not be signed on, owners of tuna seiners, pole-and-line tuna vessels and surface longliners shall be obliged to pay a lump sum equivalent to the wages of seamen not signed on for the fishing period.

This sum shall be used for the training of seamen/fishermen in Guinea-Bissau and shall be paid into an account specified by the Guinea-Bissau authorities.

#### E. Observers on board

1. The observer's task shall be to check on fishing activities in the Guinea-Bissau fishing zone. He shall be offered every facility needed to carry out his duties, including access to premises and documents. He must not remain on board any longer than is necessary to carry out his duties. The master of the vessel shall facilitate the work of the observer, who shall be accorded the conditions enjoyed by officers of the vessel. The salary and the social security contributions of the observer shall be borne by the Government of Guinea-Bissau.

Should the observer be taken on board in a foreign port, his travelling costs shall be borne by the shipowner. Should a vessel with an observer from Guinea-Bissau on board leave the Guinea-Bissau fishing zone, all measures must be taken to ensure the observer's return to Guinea-Bissau as soon as possible at the expense of the shipowner.

2. All trawlers shall take on board an observer designated by the Ministry of Fisheries. As a contribution to the costs arising from the presence of the observer on board, the shipowner shall pay the Guinea-Bissau authorities at the same time as the licence fee the sum of ECU 4 per GRT per year pro rata temporis per vessel fishing in Guinea-Bissau waters
3. Tuna vessels and surface longliners shall take an observer on board at the request of the Ministry of Fisheries.

In such cases, the port of embarkation shall be determined by mutual agreement between the Ministry of Fisheries and the shipowners or their representatives.

In cases where this radio communication cannot be used, vessels may use alternative means, such as telex, telegram or telefax (No 20 11 57, 20 19 57, 20 16 84).

J. Procedure in case of boarding

The authorities of the Commission of the European Communities in Guinea-Bissau shall be notified within 48 hours of any fishing vessel flying the flag of a Member State of the Community boarded within the Guinea-Bissau fishing zone and shall at the same time receive a summary report of the circumstances and reasons leading to the boarding.

Before any judicial proceedings are initiated, an attempt shall be made to settle the alleged infringement through an administrative procedure. This procedure shall be completed no later than three working days after the boarding.

If the case cannot be settled by administrative procedure and has to be brought before a competent judicial body, the competent authority shall set a bank security within 48 hours of completion of the administrative procedure pending the judicial decision. The security shall not exceed the maximum fine provided for under national legislation in respect of the alleged infringement.
