HAVE DECIDED to conclude an Agreement establishing an Association between Malta and the European Economic Community, in accordance with Article 238 of the Treaty establishing the European Economic Community, and to this end have designated as Plenipotentiaries :

2. The Agreement provides for two successive stages, the first being of five years' duration and the second, in principle, of five years.
3. Negotiations are provided for during the eighteen months preceding the expiry of the first stage, with a view to defining the content of the second stage, providing for a further elimination of obstacles to trade between the European Economic Community and Malta and the adoption by Malta of the Common Customs Tariff.
4. The first stage shall be governed by the provisions set forth hereinafter.

In case of urgency, such Contracting Party may, after having informed the Council of Association, take the provisional measures provided for in the said Agreement. Consultations shall be held on such measures not later than two weeks after their implementation.

Such measures and the procedures for applying them shall be notified to the Council of Association without delay.

3. For the purpose of implementing paragraphs 1 and 2 above, the measures selected must, as a matter of priority, be such as would least disturb the functioning of the regime established by this Agreement. ANNEX II

IMPLEMENTATION OF ARTICLE 3 (2) OF THE AGREEMENT

ARTICLE 1

The customs duties and taxes having equivalent effect applicable on the importation into Malta of products originating in the Community, other than those mentioned in Lists A and B to this Annex, shall be those of the Maltese customs tariff reduced by the following percentages and according to the following timetable :

<u>Timetable</u>	<u>Rate of Reduction</u>
On the date of entry into force of the Agreement	15%
As from the beginning of the third year	25%
As from the beginning of the fifth year	35%

ARTICLE 2

1. The tariff system applied by Malta to products originating in the Community may not be less favourable than that applied to products originating in the most favoured third state.

2. Until the end of the fourth year of the Agreement, the provisions of paragraph 1 shall not be applicable in respect of states granted preferential treatment by Malta at the time of entry into force of the Agreement.

However, the tariff measures taken by Malta shall not have the effect of increasing any preference enjoyed by the states referred to in the above sub-paragraph.

ARTICLE 3

1. The customs duties and taxes having equivalent effect applicable on the importation into Malta of products originating in the Community mentioned in List A shall be those of the Maltese customs tariff, reduced by the percentages and according to the timetable set out in Article 1, provided that such reductions do not exceed the number of points shown under each heading in relation to the Maltese general tariff.
2. For the products mentioned in List B, no tariff reduction shall be made during the first stage of the Agreement.

ARTICLE 4

1. The rates of duties of the Maltese customs tariff to be taken into consideration for the purpose of calculating the reduced duties referred to in Article 1 shall be those of the Maltese general tariff effectively applied at any given time vis-a-vis third States. The reduced duties shall be applied by approximating to the nearest lower decimal point.

2. In the event of the introduction or modification of customs duties in the Maltese Customs Tariff, or of taxes having equivalent effect, the reduction percentages granted to the Community pursuant to Article 1 shall remain unchanged.

ARTICLE 5

1. Without prejudice to the right of Malta to modify the duties in its customs tariff and the taxes having equivalent effect, and notwithstanding the provisions of Articles 1 and 4, and to the extent that protective measures prove necessary to meet the requirements of its industrialisation and development, Malta may re-introduce, increase, or establish customs duties. Such customs duties may not exceed a level of 20% ad valorem, and in certain special and exceptional cases, of 25% ad valorem. Such measures may only be applied to a maximum volume of 10% of the total value of Maltese imports from the Community during 1969.
2. Such measures may not be taken unless they are necessary to protect, and to further the development of, any new processing industry not existing in Malta at the time of entry into force of the Agreement; they shall only be applicable in respect of a specific form of production.

3. Twelve months after the re-introduction, increase or establishment of such customs duties, Malta shall proceed to an annual tariff reduction of 10% with regard to imports originating in the Community.
4. The measures referred to in paragraph 1 shall be taken after consultations within the Council of Association. Such consultations shall take place at the earliest possible opportunity.

ARTICLE 6

Malta shall refrain from introducing new quantitative restrictions on the importation of products originating in the Community.

This provision shall not affect the regulations applicable to the importation of petroleum products.

The treatment applied to the Community as regards quantitative restrictions shall be at least as favourable as that applied to the most favoured state.

ARTICLE 7

1. In respect of products referred to in this Annex other than those falling under Annex II of the Treaty establishing the European Economic Community, Malta reserves the right, particularly for the purpose of avoiding certain distortions of competition or the replacement of trade, to amend the system provided for in this Annex, in the event of specific regulations being laid down as a consequence of the implementation of its agricultural policy.

In adopting such regulations or amending this system, Malta shall take the interests of the Community into account.

2. In respect of products referred to in this Annex falling under Annex II of the Treaty establishing the European Economic Community, Malta reserves the right, in the event of the adoption of regulations, to amend the system provided for in this Annex.

In amending this system, Malta shall confer on imports originating in the Community a benefit comparable with that provided for in this Annex.

4. Consultations may take place within the Council of Association with a view to implementing the provisions of this Article.

PROTOCOL

Relating to the definition of the
concept of "originating" products and to methods
of administrative co-operation

CHAPTER I

Provisions relating to the definition
of the concept of "originating" products

ARTICLE 1

For the purpose of implementing the provisions of the Agreement establishing an Association between the European Economic Community and Malta, the following products shall be considered as:

1. products originating in the Community, provided that they have been transported to Malta directly, within the meaning of Article 5:
 - (a) products wholly obtained in the Member States;
 - (b) products obtained in the Member States, in the manufacture of which products other than those referred to in (a) above are used, provided that the said products have undergone sufficient working or processing within the meaning of Article 3. This condition shall not apply, however, to products which, within the meaning of this Protocol, originate in Malta.

2. products originating in Malta, provided that they have been transported to the importing Member State directly, within the meaning of Article 5:

- (a) products wholly obtained in Malta;
- (b) products obtained in Malta, in the manufacture of which products other than those referred to in (a) above are used, provided that the said products have undergone sufficient working or processing within the meaning of Article 3. This condition shall not apply, however, to products which, within the meaning of this Protocol, originate in the European Economic Community.

The products listed in List C shall be temporarily excluded from the scope of this Protocol.

ARTICLE 2

The following shall be considered as wholly obtained either in the Member States or in Malta, within the meaning of Article 1, sub-paragraphs 1(a) and 2(a):

- (a) Mineral products extracted from the ground thereof
- (b) Vegetable products harvested therein
- (c) Live animals born and raised therein
- (d) Products from live animals raised therein
- (e) Products from hunting and fishing conducted therein

- (f) Marine products taken from the sea by their vessels
- (g) Scrap and waste resulting from manufacturing operations and used articles, provided that they have been collected therein and are only fit for the recovery of raw materials
- (h) Goods obtained therein exclusively from animals or products referred to in (a) to (g) or derivatives therefrom.

ARTICLE 3

For the purpose of implementing the provisions of Article 1, sub-paragraphs 1(b) and 2(b), the following shall be considered as sufficient working or processing:

- (a) Working or processing as a result of which the goods obtained receive a classification under a tariff heading other than that covering each of the products worked or processed, except, however, working or processing appearing in List A, where the special provisions of that list apply;
- (b) Working or processing appearing in List B.

"Tariff headings" shall mean the headings in the Brussels Nomenclature for the Classification of Goods in Customs Tariffs.

ARTICLE 4

Where the Lists A and B referred to in Article 3 provide that the goods obtained in a Member State or Malta shall be considered as originating therein only if the value of the products worked or processed does not exceed a given percentage of the value of the goods obtained, the values to be taken into consideration for determining such percentage shall be:

on the one hand,

as regards products whose importation can be proved: their customs value at the time of importation;

as regards products of undetermined origin: the earliest ascertainable price paid for such products in the territory of the State where manufacture takes place;

on the other hand,

the ex-factory price of the goods obtained, less internal taxes refunded or refundable on exportation.

ARTICLE 5

The following shall be considered as transported directly from the exporting Member State to Malta or from Malta to the importing Member State:

- (a) Goods transported without passing through territory other than that of Contracting Parties;
- (b) Goods transported through territories other than those of Contracting Parties, or transhipped in such territories, if the passage in such territories or the transhipment is covered by a single transport document drawn up in a Member State or in Malta.

Transhipments carried out in the ports of territories other than those of Contracting Parties shall not be considered as interrupting direct transport if such transhipments are caused by "force majeure" or are the result of an act of God at sea.

CHAPTER II

Provisions relating to the organisation of methods of administrative co-operation

ARTICLE 6

"Originating" products within the meaning of this Protocol shall, in the importing Member State or in Malta, benefit from the provisions of the Agreement, upon submission of an A.M. 1 movement certificate issued by the customs authorities of Malta or the customs authorities of the Member State.

Any such products, however, which form part of postal consignments (including parcels), shall, provided that the consignments contain only "originating" products and that the value does not exceed one thousand units of account per consignment, benefit from the provisions of the Agreement in Malta or in the Member States, on the presentation of form A.M. 2.

ARTICLE 7

Movement certificates A.M. 1 shall be issued only on application being made in writing by the exporter, on the form prescribed for this purpose.

ARTICLE 8

The A.M. 1 movement certificate shall be endorsed by the customs authorities of the exporting State when the goods to which it relates are exported. It shall be made available to the exporters as soon as actual exportation has been effected or ensured.

In exceptional circumstances, an A.M. 1 movement certificate may also be endorsed after the exportation of the goods to which it refers, if it was not submitted at the time of such exportation because of an error or involuntary omission. In this case, the certificate shall bear a special reference to the conditions in which it was endorsed.

An A.M. 1 movement certificate may be endorsed only in cases where it can serve as documentary evidence for the purpose of implementing the preferential treatment laid down in the Agreement.

ARTICLE 9

Movement certificates A.M. 1 must be submitted, within four months from the date of endorsement by the customs authorities of the exporting Member State, to the customs authorities of the importing Member State where the goods are delivered.

ARTICLE 10

Movement certificates A.M. 1 must be made out on a form of which a specimen is annexed to this Protocol. They shall be drawn up in one of the languages in which the Agreement is drawn up, in accordance with the provisions of the national law of the exporting country. They shall be typewritten or hand-written; in the latter case, they shall be completed in ink and in capital letters.

Each certificate shall measure 21 x 29.7 cm. The paper used must be white sized writing paper not containing mechanical pulp and weighing not less than 64 grams per square metre or between 25 and 30 grams per square metre if airmail paper is used. It shall have a green machine-turned background making any falsification by chemical or mechanical means apparent to the eye.

On the front of each certificate, a diagonal pattern of three blue stripes, each 3 mm. wide, shall run from the bottom left hand corner to the top right hand corner.

The Member States and Malta may reserve the right to print the certificates themselves or may have them printed by approved printers. In the latter case, each form must carry reference to such approval. Each form must bear the name and address of the printer or a sign by which the printer can be identified. It shall also bear a serial number which can be identified.

ARTICLE 11

In the importing State, movement certificates shall be submitted to the customs authorities, in accordance with the provisions made in the laws and regulations of that State. The said authorities may require a translation of a certificate. They may also require the import declaration to be accompanied by a statement from the importer to the effect that the goods meet the conditions required for the implementation of the provisions of the Agreement.

ARTICLE 12

Form A.M. 2, of which a specimen is annexed to this Protocol, shall be completed by the exporter. It shall be drawn up in one of the languages in which the

Agreement is drawn up and in accordance with the provisions of the national law of the exporting country. It shall be typewritten or hand written; in the latter case it shall be completed in ink and in capital letters.

Form A.M. 2 is composed of two parts, each part being 21 cm. x 14.8 cm. The paper used shall be white sized writing paper not containing mechanical pulp and weighing not less than 64 grams per square metre. On the front of each part, a diagonal pattern of three blue stripes, each 3 mm. wide, shall run from the bottom left hand corner to the top right hand corner.

Form A.M. 2 may be perforated mechanically so that the two parts may be separated and the portion of the form to be affixed on the consignment can be detached. The back of this portion may be adhesive.

The Member States and Malta may reserve the right to print the forms themselves or may have them printed by approved printers. In the latter case, each form must

carry a reference to such approval. Each form must bear the name and address of the printer or a sign by which the printer can be identified. It shall also bear a serial number by which it can be identified.

ARTICLE 13

For each postal consignment, an A.M. 2 form shall be completed. After completing and signing the two parts of the form, the exporter shall insert his declaration (Part 1) in the consignment and stick the label from Part 2 of form A.M. 2 on the outer packing of the consignment.

These provisions do not dispense exporters from complying with any formalities required by customs or postal regulations.

ARTICLE 14

Unless they suspect some irregularity, the customs authorities of the importing Member State or Malta shall admit as benefiting from the provisions of the Agreement any goods contained in a consignment bearing an A.M. 2 label.

For the purpose of a survey or in a case of doubt as to regularity, the customs authorities of a Member State or of Malta may ask for a customs examination by the customs authorities of Malta or the Member State, forwarding, for this purpose, Part 1 of the A.M. 2 form contained in the consignment, and may suspend, while waiting for the result of such examination, the application of the provisions of the Agreement. In such cases, withdrawal of the consignment shall nevertheless be open to the importer, subject to any preventive measures considered necessary.

ARTICLE 15

1. Member States and Malta shall admit as "originating" products benefiting from the provisions of the Agreement, without requiring the production of an A.M. 1 movement certificate or the completion of an A.M. 2 form, goods sent as small packages to private persons or forming part of passengers' personal luggage, in so far as such goods are not imported by way of trade and have been declared as meeting the conditions required for the application of these provisions, and where there is no doubt as to the veracity of such declaration.
2. Importations which are occasional and consist solely of goods for the personal use of the addressee or passenger or his family, it being evident from the nature and quality of the goods that no commercial purpose is in view, shall not be considered as importations by way of trade. Furthermore, the total value of these goods must

not exceed 60 units of account in the case of small packages or 200 units of account in the case of the contents of passengers' personal luggage.

ARTICLE 16

In order to ensure the proper application of the provisions of this Chapter, the Member States and Malta shall assist each other, through their respective customs administrations, for the purpose of checking the authenticity and correctness of A.M. 1 movement certificates and of exporters' declarations made on A.M. 2 forms.

The Council of Association shall draw up any recommendations necessary for the application of the provisions of this Protocol, especially the provisions of this Chapter, so that the methods of administrative co-operation may be applied in due course in the Member States and in Malta.

CHAPTER III

Final Provisions

ARTICLE 17

The Member States and Malta shall take all the measures necessary for the A.M. 1 movement certificates to be produced, in accordance with the provisions of Article 11, as from the date of entry into force of the Agreement.

ARTICLE 18

Malta, the Member States and the Community shall, each to the extent to which they are concerned, take the necessary steps to implement the provisions of this Protocol.

ARTICLE 19

The explanatory notes, Lists A, B and C, the specimen of the A.M. 1 movement certificate and that of the A.M. 2 form shall form an integral part of this Protocol.

ARTICLE 20

Goods which conform to the provisions of Chapter I and which, on the date of entry into force of the Agreement, are either being transported or are being held in a Member State or Malta under temporary warehouse procedure, in bonded warehouses or in free zones, may be allowed to benefit from the provisions of the Agreement, subject to the submission - within four months from that date - to the customs authorities of the importing country of an A.M. 1 movement certificate, drawn up retroactively by the authorities of the exporting State, and of any documents that provide supporting evidence of direct transport.

EXPLANATORY NOTES

Note 1 - Article 1

The terms "in the Member States" or "in Malta" shall also cover territorial waters and ships operating on the high seas, including "factory ships" on which the fish caught is worked or processed, provided that they satisfy the conditions laid down in Explanatory Note 4.

Note 2 - Article 1

In order to determine whether goods originate in a Member State or in Malta, it shall not be necessary to establish whether the power and fuel, plant and equipment and machine and tools used to obtain such goods originate or not in third states.

Note 3 - Article 1

Packing shall be considered as forming a whole with the goods contained therein. This provision, however, shall not apply to packing which is not of the normal type for the article packed and which has intrinsic value of a durable nature apart from its function as packing.

Note 4 - Article 2 (f)

The term "their vessels" shall apply only to vessels:

- (a) which are registered in a Member State or in Malta;
- (b) which sail under the flag of a Member State or of Malta;

- (c) which are owned to an extent of at least 50% by nationals of Member States or Malta, or by a company or firm with its head office in one of these States, of which the manager or managers, chairman of the board of directors or of the supervisory board, and the majority of the members of such boards are nationals of a Member State or Malta, and of which, in addition, in the case of partnerships or limited companies, at least half the capital belongs to States party to the Agreement, to public bodies or to nationals of the said States;
- (d) of which the captain and officers are all nationals of the Member States or Malta;
- (e) of which at least 75% of the crew are nationals of the Member States or Malta.

Note 5 - Article 4

"Ex factory price" shall mean the price paid to the manufacturer in whose undertaking the sufficient working or processing is carried out. Where such working or processing is carried out successively in two or more undertakings, the price to be taken into account shall be that paid to the last manufacturer.

Note 6 - Article 8

Where an A.M. 1 movement certificate relates to goods originally imported from a Member State or Malta, and re-exported in the same condition, the new certificates issued by the re-exporting State must compulsorily show in which country the original movement certificate was issued.

Note 7 - Article 13

After completing the A.M. 2 form, the exporter shall insert the words "A.M. 2", followed by the serial number of the form used, either on the C. 1 green label or on the C. 2 or C. 2 M declaration, or under the heading "Observations" of the CP 3 or CP 3 M customs declarations.
