15^{ème} Rapport Annuel

Etat d'exécution des Projets d'aides
au 31 décembre 1991.

Bruxelles, le 29 juin 1992.

Je vous prie de trouver ci-joint l'annexe du 15 ème rapport sur l'exécution de la Coopération Financière et Technique avec les pays en voie de développement d'Amérique Latine et d'Asie (ALA).

Afin que les informations soient les plus exhaustives, toutes anomalies observées de votre part seront acceptées diligemment.

Présentation

Le rapport ci-joint figure comme annexe au 15^{ème} rapport annuel. Il concerne les projets de la Coopération Financière et Technique avec les Pays en Voie de Développement d'Amérique Latine et d'Asie (ALA) (Postes budgétaires B7-3000 et B7-3010, ex 9300 et 9310 pour les années antérieures à 1991).

L'état des projets est présenté sous forme de fiches détaillant les projets par régions et par pays.

Les projets sont présentés sous trois angles différents afin de refléter différents aspects de la réalité des dépenses de Coopération.

Ils sont répartis annuellement suivant trois scénarios:

1) "EXERCICE BUDGETAIRE", il reprend tous les engagements effectués durant l'année civile, que ces engagements concernent l'engagement initial d'un projet nouveau ou de suppléments à des projets initiés dans les années antérieures, c'est la présentation la plus usuelle et qui a été adoptée dans les rapports précédents.

2) "ANNEE PROGRAMME INITIALE", il reprend tous les engagements effectués durant l'année civile concernant les projets nouveaux à l'exclusion des suppléments se rapportant à des projets anciens.

3) "ANNEE PROGRAMME EFFECTIVE", il reprend tous les engagements effectués durant l'année civile concernant les projets nouveaux plus tous les suppléments ultérieurs se rapportant aux projets de la dite année; comparée à l'année programme initiale elle permet de souligner les amendements d'engagements survenus durant l'exécution des projets.

Les informations y afférentes aux projets sont réparties selon le type d'aide:

"aide normale : bilatérale ou régionale (NN,NR)";

"aide après catastrophe : bilatérale ou régionale (CN,CR)";

"aide de recherche agricole : bilatérale ou régionale (RN,RR)";

Un tableau signalitique "aide globale" reprend l'intégralité de ces aides.

L'information "support expertise extérieure, ou assistance technique (EX)" est donnée indépendamment des précédentes.

Les paiements indiqués reflètent la situation jusqu'au 31 décembre 1991.
