COUNCIL REGULATION (EEC)

opening and providing for the administration of a Community
tariff quota for Chinese cabbages, originating in the
Canary Islands (1989)

(presented by the Commission)

EXPLANATORY MEMORANDUM

1. According to Article 6 of Council Regulation (EEC) No 1391/87 concerning certain adjustments to the arrangements applied to the Canary Islands there is provision for the following Community tariff quota in respect of imports into the Community of 100 tonnes of Chinese cabbages, falling within CN Code ex 0704 90 90 for the period 1 November to 31 December, originating in the Canary Islands.

Where the said products are imported into that part of Spain which is included in the customs territory of the Community, they shall qualify for exemption from customs duties.

Where the said products are imported into Portugal the duties applicable are to be calculated according to the provisions in question of the Accession Act.

Where the said products are released for free circulation in the remainder of the customs territory of the Community, they shall qualify for the progressive reduction of customs duties according to the same timetable and under the same conditions as those provided for in Article 75 of the Act of Accession.

This tariff quota should therefore be opened from 1 November to 31 December 1989.

2. In this case, it is proposed that the whole of the quota volume be held as a Community reserve to which all Member States have access, in accordance with the procedure provided for in Article 3 of the proposal for a Regulation.

This is the purpose of the attached proposal.
