

COMMISSION OF THE EUROPEAN COMMUNITIES

COM (89) 584 final

Brussels, 22 November 1989

Proposal for a COUNCIL REGULATION (EEC)

amending for the third time Regulation (EEC) N°4194/88 fixing, for certain fish stocks and groups of fish stocks, the total allowable catches for 1989 and certain conditions under which they may be fished

(presented by the Commission)

EXPLANATORY MEMORANDUM

This proposal for a Council Regulation to amend Council Regulation (EEC) N°4194/88 of 21 December 1988 (1) has the following objective:

To increase the total allowable catch (TAC) for the stock of cod in ICES zones VIIb, c, d, e, f, g, h, j, k, VIII, IX and X and COPACE 34.1.1. (EC zone).

This revision of the TAC takes into account the latest report of the Scientific and Technical Committee for Fisheries (STCF). (2)

DISK Z (TAC/3°)

COUNCIL REGULATION (EEC) N° /89 of 1989
amending for the third time Regulation (EEC) N°4194/88 fixing, for certain
fish stocks and groups of fish stocks, the total allowable catches for 1989
and certain conditions under which they may be fished

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) N°170/83 of 25 January 1983 establishing a Community system for the conservation and management of fishery resources (1), as amended by the Act of Accession of Spain and Portugal, and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

Whereas under the terms of Article 3 of Regulation (EEC) N° 170/83 it is incumbent upon the Council to establish the total allowable catches (TACs) by stock or group of stocks, the share available for the Community and the specific conditions under which these catches must be taken; whereas the share available to the Community is allocated among the Member States, under Article 4 of that Regulation;

Whereas Regulation (EEC) N° 4194/88 (2), as last amended by Regulation (EEC) N° 2278/89 (3), fixes, for certain fish stocks and groups of fish stocks, the TACs for 1989 and certain conditions under which they may be fished;

Whereas the latest review by the Scientific and Technical Committee for Fisheries (4) concluded that, for cod in ICES divisions VIIb, c, d, e, f, g, h, j, k, VIII, IX and X and COPACE division 34.1.1. (EC zone), the catch should be in a range which would permit an increase of the TAC from 24 600 tonnes to 25 400 tonnes,

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to this Regulation shall replace the corresponding items of the Annex to Regulation (EEC) N° 4194/88.

Article 2

This Regulation shall enter into force on the day following its publication in the Official Journal of the European Communities.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 1989.

For the Council

The President.

BUSINESS AND EMPLOYMENT IMPACT STATEMENT

This proposal, if adopted, will have a positive impact on small and medium-sized enterprises because it will increase the opportunities for catching cod in the English Channel.
