Proposal for a

COUNCIL REGULATION (EEC)

amending Regulation (EEC) N° 3950/88, allocating, for 1989,  
Community catch quotas in Greenland waters

-----

(presented by the Commission)

EXPLANATORY MEMORANDUM

In the framework of the Agreement on fisheries between the European Economic Community, on the one hand, and the Government of Denmark and the local Government of Greenland, on the other, the Parties have laid down in a Protocol on the conditions relating to fishing, certain catch quantities for the Community for each year, until 31 December 1989, in Greenland waters. By regulation (EEC) N° 3950/88 the Council has allocated among Member States the shares available to the Community in 1989.

According to Article 8.1 of the Agreement on fisheries the Greenland Home Rule Authorities have for 1989 offered the Community a supplementary quota of capelin off East Greenland.

The Commission has proposed to the Council to accept the Greenland offer concerning a supplementary quota in the amount of 8000t of capelin off East Greenland, against compensation as provided for in Article 3(2) of the Protocol on the conditions relating to fishing. The acceptance of this offer has been put on the agenda of the Council of 18 July 1989 as an A-point.

The Council is requested to approve in this context the necessary amendment to Regulation (EEC) N° 3950/88 of 11 December 1988, allocating, for 1989, Community catch quotas in Greenland waters.

Proposal for a  
COUNCIL REGULATION (EEC) N° /89  
of 1989

amending Regulation (EEC) N° 3950/88, allocating, for 1989,  
Community catch quotas in Greenland waters

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) N° 170/83 of 25 January 1983  
establishing a Community system for the conservation and management of  
fishery resources (1), as amended by the Act of Accession of Spain and  
Portugal, and in particular Article 11 thereof,

Having regard to the proposal from the Commission,

Whereas the Agreement on fisheries between the European Economic Community,  
on the one hand, and the Government of Denmark and the local Government of  
Greenland, on the other (2), and the Protocol on the conditions relating to  
fishing between the European Economic Community, on the one hand, and the  
Government of Denmark and the local Government of Greenland on the other  
(3), establish the fishing quotas allocated to the Community in Greenland  
waters;

Whereas catch quotas in Greenland waters for 1989 were allocated by Council  
Regulation (EEC) N° 3950/88 (4), as amended by Regulation (EEC) N° 1578/89  
(5);

Whereas the Greenland Home Rule Authorities in a letter dated 19 May 1989

on fisheries between the EEC, on the one hand, and the Government of  
Denmark and the local Government of Greenland on the other, the Community  
has accepted Greenland's offer of a supplementary quota in the amount of  
8000t of capelin off East Greenland;

Whereas this acceptance implies an adjustment of the financial  
compensation in proportion to this supplementary quota, in conformity with  
Article 3(2) of the Protocol on conditions relating to fishing of 1984;

(4) OJ N° L 352, 21.12.1988, p. 7.

(5) OJ N° L 156, 8.6.1989, p. 3.

Whereas it is for the Community to lay down, in accordance with Article 3 of Regulation (EEC) N° 170/83, the conditions subject to which these catch quotas may be used by Community fishermen;

Whereas, to ensure efficient management of the catch possibilities available, they should be shared out among the Member States by means of quotas in accordance with Article 4 of Regulation (EEC) N° 170/83;

Whereas the fishing activities covered by this Regulation are subject to the relevant control measures provided for by Council Regulation (EEC) N° 2241/87 of 23 July 1987 establishing certain control measures for fishing activities (6),
