Draft

DECISION OF THE ASSOCIATION COUNCIL

on the determination of the duties applicable to imports into the Republic of Poland of goods originating in the Community and listed in Protocol 3 of the Europe Agreement

- Draft common position of the Community -

(presented by the Commission)

Explanatory memorandum

According to Article 4 of Protocol 3 of the Europe Agreement, before 1 July 1994, Poland shall determine the agricultural component of the levy on the goods referred to in Annex III on the basis of the import duties applicable in 1994 to the basic agricultural products originating in the Community considered to have been used in the production of these goods. Elimination of the non-agricultural component of the levy must be completed by 1 January 1999 at the latest. Reduction of the agricultural component shall be determined by the Association Council on the basis of the concessions applicable to the basic products.

In April, Poland has submitted to the Community a proposal providing for a timetable of reduction of the non-agricultural component from 1995 to 1999 which complies with the provisions of Protocol 3. This proposal has now to be endorsed by the Association Council.

The Commission therefore requests the Council to adopt the attached proposal for a Council decision.
