COMMISSION OF THE EUROPEAN COMMUNITIES

Brussels, 25.10.1996 COM(96) 524 final

Proposal for a

COUNCIL REGULATION (EC)

amending for the fifth time Regulation (EC) No.3074/95 fixing, for certain fish stocks and groups of fish stocks, the total allowable catches for 1996 and certain conditions under which they may be fished

(presented by the Commission)

EXPLANATORY MEMORANDUM

The TACs for certain stocks subject to a precautionary TAC appear insufficient to maintain exploitation for the whole of 1996. According to the most recent scientific information, an increase in these TACs would not jeopardize the future management of the resources concerned.

Within the framework of the bilateral consultations on the reciprocal fishing rights between the Community and Poland, the Community share for Baltic cod has been increased.

This proposal intends to address these matters by modifying Council Regulation (EC) N° 3074/95.

Proposal for a

Council Regulation (EC) No of amending for the fifth time Regulation (EC) No.3074/95 fixing, for certain fish stocks and groups of fish stocks, the total allowable catches for 1996 and certain conditions under which they may be fished

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No. 3760/92 of 20 December 1992 establishing a Community system for fisheries and aquaculture¹, and in particular Article 8 (4) thereof,

Having regard to the proposal from the Commission,

Whereas under the terms of Article 8 (4) of Regulation (EEC) No 3760/92 it is incumbent upon the Council to establish the total allowable catches (TACs) by fishery or group of fisheries;

Whereas Regulation (EC) No.3074/95² fixes, for certain fish stocks and groups of fish stocks, the TACs for 1996 and certain conditions under which they may be fished;

Whereas the state of the stocks of herring in area VII g,h,j,k and haddock in areas VII, VIII, IX, X and CECAF 34.1.1 (Community waters) allow increase of TACs without endangering the future management of these resources;

Whereas, within the framework of the bilateral consultations on the reciprocal fishing rights between the Community and Poland, the Community share for Baltic cod has been increased.

Whereas Council Regulation (EC) No 3074/95 should therefore be amended accordingly.

HAS ADOPTED THIS REGULATION:

Article 1

The Annex to this Regulation replaces the corresponding elements of the Annex to Regulation (EC) No 3074/95.

O.J. No L389, of 31.12.1992, p.1 as amended by the Act of Accession of Austria, Finland and Sweden

O.J. No L 330, of 30.12.1995, p.1. Regulation as last amended by Regulation (EC) No xxxx/96 (OJ No L xxx, xxx.1996, p.))

Article 2

This Regulation shall enter into force on the day following that of its publication in the Official Journal of the European Communities.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Council, The President.
