Brussels, 16.12.1999  
COM(1999) 701 final

1999/0279 (ACC)

Proposal for a

**COUNCIL DECISION**

**on the provisional application of a bilateral agreement between the European Community and certain third countries (Armenia, Azerbaijan, Georgia, Kazakhstan, Moldova, Tajikistan, Turkmenistan and Uzbekistan) on trade in textile products**

(presented by the Commission)

## **EXPLANATORY MEMORANDUM**

In accordance with the Council negotiating directives of 12 July 1999, the Commission has negotiated agreements on the revision and an extension of the existing bilateral Agreement between the European Community and certain third countries (Armenia, Azerbaijan, Georgia, Kazakhstan, Moldova, Tajikistan, Turkmenistan and Uzbekistan) on trade in textile products.

In the case of Armenia, Azerbaijan, Georgia, Kazakhstan, Moldova, Tajikistan and Turkmenistan these agreements provide for an extension of the present textiles agreements until 31 December 2002. Thereafter the agreements will be extended automatically for one year if neither party informs the other that it objects to an extension. For these countries the textile scope of textile products subject to the double-checking system is revised, taking into account the relevant trade flows.

In the case of Uzbekistan the agreement is extended until 1.1.2004. The basket exit levels for textile category 1 products (cotton yarns) are revised in order to allow for a controlled development of trade in these products. Import ceilings for products of textile category 2 (cotton fabrics) are subject to yearly increases and should be abolished on 1.1.2004. Uzbekistan's tariffs for EC textile exports are bound at low rates and further reduced for certain floor covering, fabrics and made-up products.

The Council is invited to approve on behalf of the Community this proposal for a Council Decision on the provisional application of the Agreements in the form of Exchanges of Letters amending the existing agreements between the European Community and the above-cited third countries on trade in textile and clothing products pending the formal conclusion of these Agreements on behalf of the Community.

2.1. Annex I which sets out the products referred to in Article 1 of the Agreement is replaced by Appendix 1 to this letter.

### AGREED MINUTE

In the context of the Agreement between the European Community and the Republic of Uzbekistan on trade in textile and clothing products, initialled in Brussels on 15 September 1999, the Republic of Uzbekistan confirmed that the tariff rates presently applied for textiles and clothing products originating from the European Community are the rates contained in Annex 1 to this Agreed Minute. Both Parties agreed that these tariff rates shall not be exceeded for the duration of the Agreement.

Concerning customs duties applicable to imports into the Republic of Uzbekistan of products covered by the Harmonised System codes 57, 58 and 63, the Community's proposal for their progressive alignment within the period of duration of the Agreement towards the customs duties applicable to imports of the same products into the Community was accepted by the Republic of Uzbekistan. The Republic of Uzbekistan agreed to reduce the rates according to the schedule contained in Annex 2 to this Agreed Minute.

In the case of disagreement on the application of the provisions of the two foregoing paragraphs, the Community and the Republic of Uzbekistan will immediately start consultations in accordance with Article 15 paragraph of the Agreement with the aim to ensure the fulfilment of commitments undertaken by the parties. Should the disagreement persist after these consultations, the Community will have the right to reintroduce for the period of the agreement remaining unexpired on a pro rata basis the levels for quantitative restrictions for categories 2 and 2a applicable in 1999 as specified in the Exchange of Letters initialled on 4 December 1995. For category 1 the Community may reintroduce the basket exit limit of 0,35%.

Both parties also agreed that the Republic of Uzbekistan will ensure that the supply to the Community industry of cotton and other raw textile materials, as well as of other textile products shall be made at conditions not less favourable than to users of other developed countries under normal market conditions.
