**COUNCIL DECISION**

**on the position to be taken by the Community within the Association Council established by the Europe Agreement between the European Communities and their Member States, of the one part, and the Republic of Romania, on the other part, with regard to the adoption of provisions for the co-ordination of social security schemes**

(presented by the Commission)

## EXPLANATORY MEMORANDUM

### Context

The Europe Agreement concluded between the Community and Romania<sup>1</sup> contains provisions on co-ordination of social security systems. In accordance with the Europe Agreement, the Association Council shall by decision adopt the appropriate provisions to implement the above objective. A draft Association Council decision for that purpose is attached, which is the same for all associated countries of central and eastern Europe. Member States have been consulted within the Administrative Commission for Social Security of Migrant Workers on 20 April 1999. Candidate countries have also been informed in a meeting held on 28 May 1999.

One of the objectives of the Europe Agreement is to provide an appropriate framework for the associated countries' gradual integration into the Community. The Europe Agreements with the countries of Central and Eastern Europe are therefore a means towards their joining the Community. This ultimate goal is taken into account in the attached draft Association Council decision, insofar as it is based on the *acquis communautaire* in this field, especially Regulation 1408/71<sup>2</sup>. However, to take account of Ruling No 30/98 by Hungary's Constitutional Court, no direct reference to the *acquis communautaire*<sup>3</sup> has been used. Instead, the draft decision contains an Annex I consisting of the Regulation 1408/71 text which allows to apply rules matching those of Community law in this regard.

The Community has already found it necessary in the past to draw up provisions similar to those which need to be adopted for implementation of the above mentioned agreement, in particular Decision No 3/80 of the EEC-Turkey Association Council<sup>4</sup> derived from Article 39 of the Additional Protocol to the Ankara Agreement.

### Legal Basis

The draft Association Council decision is based on Articles 39, 40 and 41 of the Europe Agreement with Romania

The Europe Agreement provides for the establishment of a co-ordination system founded in particular on the following:

1. For nationals of the associated countries of central and eastern Europe legally employed in a Member State and the members of their family:
  - (a) aggregation of insurance, employment or residence periods completed under the legislation of one or more Member States for acquisition of entitlement to pensions and annuities in respect of old age, invalidity and death and to medical care;

---

<sup>1</sup> OJ L 357/94 of 31 December 1994.

<sup>2</sup> See codified version, OJ L 28 of 30 January 1997.

<sup>3</sup> In its judgement, the Hungarian court ruled as unconstitutional the Hungarian authorities' application of Community law provisions in whose formation they had not participated.

<sup>4</sup> Decision No 3/80 of 19 September 1980, OJ C 110 of 25 April 1983.

- (b) exportation, to the associated country of origin, of pensions or annuities in respect of old age, death, industrial accident or occupational disease, or of invalidity resulting therefrom;
  - (c) payment of family allowances for family members legally residing with the worker.
2. For workers who are nationals of a Member State and legally employed in the territory of an associated country and the members of their family:

affording, by analogy, the advantages referred to in 1(b) and 1(c) above.

It should be stressed that - in keeping with the Europe Agreement provisions - the draft decisions will in no way affect the rights and obligations arising from bilateral agreements concluded between a Member State and an associated country where such bilateral agreements provide for more favorable treatment of those concerned.

### **Proposal**

The attached draft Association Council decision contains (i) provisions concerning the obligations incumbent on each Contracting Party and (ii) provisions dealing solely with Member States' obligations with respect to associated country workers:

- Parts I, III, and IV relate to the Member States and associated countries;
- Part II is applicable by Member States alone.

In view of the above, the Commission invites the Council to approve the attached proposal for an Association Council Decision.
