

COMMISSION OF THE EUROPEAN COMMUNITIES

COM(78) 393 Final

Brussels, 10 August 1978

PROPOSAL FOR A COUNCIL REGULATION

on common rules for imports of certain textile products
originating in third countries

(submitted to the Council by the Commission)

EXPLANATORY MEMORANDUM

In December 1977, the Community initialled Agreements with a number of supplying countries concerning trade in textiles over the period 1 January 1978 - 31 December 1982.

Under the Agreements, these countries have undertaken to accept quantitative limits on their exports of certain textile products to the Community during that period.

These Agreements have not yet been formally concluded, but the Community has agreed with its partners that pending the completion of the procedures required for their entry into force the provisions of the Agreements are to be applied de facto from 1 January 1978.

In order that the quantitative limits contained in the Agreements should apply from 1 January, the Commission adopted Regulation (EEC) N° 3019/77 of 30 December 1977 (1), confirmed by Council Regulation (EEC) N° 265/77 of 7 February 1978 (2), making the importation into the Community of textile products originating in certain third countries subject to authorisation and quantitative limitation.

These Regulations dealt with 1978 only, and did not establish definitive arrangements for the application of the textile Agreements up to 1982. Such arrangements must now be established, in order to allow proper management of the textile Agreements over the period in question.

This draft Regulation is intended to replace Council Regulation (EEC) N° 265/78. As well as the quantitative limits and Member States' shares for 1978, it contains quantitative limits up to and including 1982, and also provides for the setting up of the various mechanisms for control, and the management of the initialled Agreements.

PROPOSAL FOR A COUNCIL REGULATION ON COMMON RULES FOR IMPORTS OF CERTAIN
TEXTILE PRODUCTS ORIGINATING IN THIRD COUNTRIES

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,
and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas the Community has accepted the extension of the Arrangement regarding
International Trade in Textiles on the conditions laid down in the Protocol
for the extension of the Arrangement and the Conclusions adopted by the GATT
Textiles Committee on 14 December 1977 and annexed to that Protocol,

Whereas the Community has negotiated agreements with a number of supplying
countries on trade in textile products; whereas the said agreements are in-
tended to promote the orderly and equitable development of trade in textile
products between the Community and its supplying countries, on the basis of
cooperation between the contracting parties, and in particular to eliminate
the real danger of disruption of the Community market and the textile trade
of the supplying countries; whereas to this end they provide, inter alia, that
supplier countries' exports of certain textile products shall be subject to
quantitative limits, and that the Community shall refrain from introducing
quantitative restrictions under Article XIX of the GATT or Article 3 of the
above-mentioned Arrangement, or applying measures having equivalent effect
to such quantitative restrictions;

Whereas it was agreed in the course of the negotiations by the delegations from
the Community and the supplying countries that the said delegations should
recommend their respective authorities to apply the arrangements set out in
the agreements negotiated on a provisional basis from 1 January 1978, pending
their subsequent entry into force;

Whereas, in order to provide for the prompt establishment of such arrangements
and avoid irreparable damage to Community producers, imports of textile products
originating in the supplying countries in question have been made subject, from
1 January to 31 December 1978, to authorisation and quantitative limitation
under Commission Regulation (EEC) N° 3019/77 of 30 December 1977

(1) confirmed by Council Regulation (EEC) No. 265/78 of 7 February 1978 making the importation into the Community of textile products originating in certain third countries subject to authorisation and quantitative limitation (2);

Whereas it is necessary to replace these provisional arrangements with a definitive system incorporating all the measures necessary to ensure the application of the negotiated arrangements;

Whereas it is necessary to ensure that the purpose of each of these agreements should not be obstructed by deflection of trade and that it is therefore necessary to determine the way in which the origin of the products in question is controlled and the methods by which the appropriate administrative cooperation is achieved;

Whereas compliance with the quantitative limits on exports established under the agreements is ensured by a double-checking system; whereas the effectiveness of these measures depends on the Community's establishing a set of Community quantitative limits to be applied to imports of all products from supplying countries whose exports are subject to quantitative limitations;

Whereas products entering the customs territory of the Community under the arrangements for inward processing or other temporary admission arrangements and intended for re-exportation out of the said territory in the same state or after processing should not be subject to such Community quantitative limits;

Whereas special rules are required for products reimported under the arrangements for outward processing;

Whereas, in order to apply Community quantitative limits in conformity with the agreements negotiated with the supplying countries, it is necessary to establish a special management procedure; whereas it is desirable that such common management system be decentralised by allocating the quantitative limits among the Member States, and that the import authorisations be issued by the Member States authorities in accordance with the double-checking system defined in the agreements;

Whereas, in order to ensure the best possible utilisation of the Community quantitative limits, they should be allocated in accordance with the requirements of the different Member States; whereas, however, the extent of the disparities

(1) OJ N° L 357, 31.12.1977, p. 1

(2) OJ N° L 42, 11. 2.1978, p. 1

existing in the conditions for importation of these products into the Member States and the particularly sensitive position of the Community textiles industry mean that the said conditions can be standardised only gradually; whereas for these reasons allocation of supplies cannot immediately be effected on the basis of requirements alone;

Whereas it is also necessary to introduce efficient and rapid procedures for altering Community quantitative limits and their allocation to take account of the development of trade flows, needs for additional imports and the Community's obligations under the agreements negotiated with supplying countries;

Whereas, in the case of products not subject to quantitative limitation, the agreements provide for a consultation procedure whereby, in the event that the volume of imports of a given category of products into the Community or one of its regions exceeds a certain threshold, agreement can be reached with the supplying country on the introduction of quantitative limits; whereas the supplying countries also undertake to suspend or limit their exports from the date of a request for such consultations, at the level indicated by the Community; whereas if no agreement is reached with the supplying country within the period stipulated, the Community may introduce quantitative limits at a specific annual level;

Whereas in order, inter alia, to comply with time limits set in the agreements it is necessary to lay down a rapid and efficient procedure for introducing such quantitative limits and concluding such agreements with the supplying countries;

Whereas the provisions of this Regulation must be applied in conformity with the Community's international obligations, in particular with those arising from the above-mentioned agreements with supplying countries,

HAS ADOPTED THIS REGULATION:

Article 1

1. The provisions of this Regulation shall apply to imports into the Community of textile products listed in Annex I.

2. The description and identification of the products listed in Annex I shall be those used in the nomenclature of the Common Customs Tariff and in the Nomenclature of Goods for the External Trade Statistics of the Community and the Statistics of Trade between Member States (Nimexe), without prejudice to the provisions of Article 3 (4).

3. Subject to the provisions of this Regulation
the importation into the
Community of the textile products listed in Annex I shall not be subject
to quantitative restrictions or measures having equivalent effect, nor to
a system of authorisation taking the form of a priori surveillance.

Article 2

1. The origin of the products listed in Annex I shall be determined in accordance with the rules in force in the Community.

2. The procedures for control of the origin of the products listed in Annex I and originating in one of the countries listed in Annex II (hereinafter referred to as "supplying countries") are laid down in Annex III.

Article 3

1. The importation into the Community of the textile products listed in Annex IV originating in one of the supplying countries listed in that Annex and shipped in that country between 1 January 1978 and 31 December 1982 shall be subject to the annual quantitative limits established in the said Annex IV.

2. The release for free circulation of imports subject to the Community quantitative limits referred to in paragraph 1 shall be subject to the presentation of an import authorization or equivalent document issued by the Member States' authorities in accordance with Article 10.

3. The imports authorised shall be charged against the Community quantitative limits established for the year in which the goods are shipped in the supplying country concerned.

4. The Community quantitative limits established in Annex IV and the categories of products to which they apply may be adapted in accordance with the procedure laid down in Article 15 where this proves necessary to ensure that a subsequent amendment to the nomenclature of the Common Customs Tariff or the Nomenclature of Goods for the External Trade Statistics of the Community and the Statistics of Trade between Member States (Nimexe) does not result in reduction of the said quantitative limits.

Article 4

1. The Community quantitative limits referred to in Article 3 shall not apply to the cottage industry and folklore products defined in Annex VII which are accompanied on importation by a certificate issued by the authorities of the country of origin in accordance with the provisions of the said Annex and which fulfil the other conditions laid down therein.

2. The release for free circulation of the textile products referred to in paragraph 1 . . . originating in one of the supplying countries listed in Annex II shall be subject to the presentation of a statistical document issued by the Member States' authorities in accordance with the procedures set out in Annex VII.

Article 5

1. Imports of products not subject to quantitative limitation before 1 January 1978 which are in the course of shipment to the Community shall not be subject to the Community quantitative limits referred to in Article 3 provided they were shipped in the supplying country of origin before 1 January 1978 and released for free circulation in the Community before 1 April 1978.

2. The release for free circulation of products subject to quantitative limitation before 1 January 1978 and shipped before the said date shall continue from that date to be subject to the presentation of the same import documents, and to the same import conditions, as before 1 January 1978.

Article 6

1. The Community quantitative limits referred to in Article 3 shall not apply to products admitted into the customs territory of the Community under the arrangements for inward processing or other temporary admission arrangements, provided that they are declared to be for re-export outside the said territory in the same state or after processing. In the case of products originating in Singapore, Malaysia and South Korea, such declaration must be affected in an export license issued by the competent authorities of the supplying country in accordance with Annexes V and VI.

The subsequent release for free circulation of the products referred to in the preceding subparagraph shall be subject to the quantitative limits referred to in Article 3 and to the presentation of an import authorisation or equivalent document issued in accordance with the provisions of Article 3 (2), and the products so released shall be charged against the Community quantitative limit established for the year in which release for free circulation was authorized.

2. Re-imports into the Community of textile products which have been temporarily exported from the Community and subsequently processed in Romania or Yugoslavia shall not be subject to the Community quantitative limits referred to in Article 3, provided that they have been declared as such under outward processing arrangements in force in the Community.

3. Where the authorities in the Member States ascertain that imports of textile products have been charged against a Community quantitative limits referred to in Article 3 and have subsequently been re-exported outside the Community, they shall inform the Commission of this fact and issue additional import authorisations, for the same products and the same quantities, in accordance with the provisions of Article 3 (2).

Imports effected under cover of such additional authorisations shall not be charged against the Community quantitative limit for the current year or the following year.

Article 7

1. The Community quantitative limits referred to in Article 3 shall be allocated between the Member States in accordance with the procedure laid down in Article 15 and the criteria set out in paragraph 2 below.

2. Such allocation must ensure the best possible utilisation of the Community quantitative limits.

However, it shall be effected on the basis of the quantities currently imported by the different Member States, appreciably higher growth rates being applied in the case of Member States where such quantities are relatively small, in such a way that allocation comes gradually to correspond to market requirements.

3. The shares already allocated to the Member States for 1978 are set out in Annex IV A.

The Community quantitative limits established for the years 1979 to 1982 and set out in Annex IV B shall be allocated in accordance with paragraph 1.

Article 8

1. Provided that they notify the Commission in advance, supplying countries may utilise the shares allocated to Member States in the following ways:

a) Advance use of a portion of a share established for the following year shall be authorised for each category of products up to 5% of the share for the year of actual utilisation.

Such advance imports shall be deducted from the corresponding shares established for the following year.

b) Carryover of amounts not used during any given year to the corresponding share for the following year shall be authorised up to 5% of the share for the year of actual utilisation.

c) Transfers in respect of products in Group I categories shall not be made except as follows:

- transfers between Categories 2 and 3 shall be authorised up to 5% of the share established for the category to which the transfer is made; in the case of categories of products originating in Korea, Hong Kong or Romania, however, this limit shall be 3.5%;

- transfers between Categories 4, 5, 6, 7 and 8 shall be authorised up to 5% of the share established for the category to which the transfer is made; in the case of categories of products originating in Korea, Hong Kong or Romania, however, this limit shall be 3.5%.

Transfers of products into any category in Group II, III, IV, V or VI may be made from any category in Group I, II, III, IV, V or VI subject to a maximum of 5% of the share established for the category to which the transfer made.

The table of equivalence applicable to the aforesaid transfers is given in Annex I.

d) The cumulative application of the above provisions must not, in the course of any one year, cause a limit established for a given product for the year in question to be exceeded by more than 15%;

however, in the case of categories of products originating in Korea, Hong Kong or Romania such maximum shall be 11% for Group I categories and 12.5% for categories in Group II, III, IV, V or VI.

2. In the event of recourse by a supplying country to the provisions of paragraph 1 above, the Commission shall notify the authorities of the Member State affected, who shall authorise the imports concerned in accordance with the double-checking system specified in Annexes V and VI.

3. Where a Member State's share has been increased by the application of paragraph 1 above, or of Article 9, or where further possibilities for imports into a Member State have been created under Article 9, such increase or further import possibilities shall not be taken into account for purposes of applying the provisions of the said paragraph 1 in the current year or subsequent years.

Article 9

1. Member States which have issued import authorisations up to the full amount of their share and find that they require additional imports, or which consider that their share may not be fully utilized, shall notify the Commission accordingly.
2. The allocation of the Community quantitative limits referred to in Article 3 shall be adjusted in accordance with the procedure described in Article 15 and the criteria laid down in Article 7(2) where this proves necessary to ensure the best possible utilisation of the said limits, as a result in particular of developments in trade flows.
3. The Community quantitative limits referred to in Article 3 may be increased in accordance with the procedure laid down in Article 15 where it appears that additional imports, which may include those needed for fairs, are required.
4. At the request of a Member State which has issued import authorisations up to the full amount of its share and finds that it requires additional imports, the Commission may, after oral or written consultations with the Member States within the Committee set up under Article 14, open up further possibilities for imports into that Member State.

In an emergency the Commission shall open consultations within the Committee within five working days of receipt of the request from the Member State concerned, and shall come to a decision within fifteen working days, calculated from the same date.

Article 10

1. The authorities of the Member States shall issue the import authorisations referred to in Article 3 (2) up to the amount of their shares, taking into account any measures taken pursuant to Article 8 or Article 9.
2. The import authorisations shall be issued in accordance with the double-checking system described in Annexes V and VI.
3. Imports effected under cover of the import authorisations referred to in Article 3 shall be charged against the share of the Member State which issued the authorisations.

Article 11

1. The importation into the Community of textile products listed in Annex I, originating in one of the supplying countries listed in Annex II, and not subject to the Community quantitative limits referred to in Article 3 shall be subject to a system of administrative control limited to retrospective statistical surveillance.

2. Should imports into the Community of products in a category falling within the scope of paragraph 1 above and originating in one of the supplying countries exceed, in relation to the preceding calendar year's total imports into the Community of products in the same category, the percentages indicated in the table shown below, such imports may be made subject to quantitative limits. These arrangements may be limited to imports into a specific region of the Community.

Supplying Countries	Group I	Group II	Group III IV, V & VI
Mexico Yugoslavia Singapore Romania Philippines Malaysia Colombia Thailand Peru Macao	0.2 %	1.2 %	4 %
Uruguay Sri Lanka Indonesia Guatemala Argentina Haiti	0.2 %	1.5 %	4 %
Pakistan India Brazil Egypt	0.2 %	1.5 %	5 %
Hong Kong South Korea	0.2 %	1 %	3 %

3. Should the imports referred to in paragraph 2, into a given region of the Community, exceed, in relation to the total quantities calculated for the whole Community according to the percentage specified in paragraph 2, the percentage set for that region in the table below, such imports may be made subject to quantitative limits in the region in question.

Germany	28.3%
Benelux	10.5%
France	18.5%
Italy	15 %
Denmark	3 %
Ireland	1 %
United Kingdom	23.5%

4. The provisions of paragraphs 2 and 3 shall not apply where the percentages specified therein have been reached as a result of a fall in total imports into the Community, and not as a result of an increase in exports of products originating in the supplying country concerned.

5. Where the Commission finds that the conditions set out in paragraph 3 are fulfilled and considers that a given category of products should be made subject to a quantitative limit,

- a) it shall open consultations with the supplier country concerned in accordance with the procedure specified in Article 13, with a view to reaching an agreement of joint conclusions on a suitable level of limitation for the products in question;
- b) it may request the supplying country concerned, with effect from the date of notification of the request for consultations and pending a mutually satisfactory solution to suspend or limit, at the level indicated by the Commission, its exports of the category of products in question to the Community or to one or more regions thereof,
- c) it may, pending the outcome of the requested consultations apply, to the importation of the category of goods in question, quantitative limits identical to those requested of the supplying country in accordance with paragraph b). These measures shall be

without prejudice to the definitive decisions to be taken by the Community, taking into account the results of the consultations.

6. The consultations with a supplying country which are referred to in paragraph 5 (a) may lead to the conclusion of an agreement between that country and the Community or the adoption of joint conclusions on the introduction and level of quantitative limits.

Such agreements or joint conclusions may stipulate that the quantitative limits agreed be administered in accordance with a double-checking system.

7. Should the Community and the supplying country concerned fail to reach a satisfactory solution within one month of the opening of consultations, and at the latest within two months of the notification of the request for consultations, importation of the category of products in question may be made subject to the quantitative limits indicated in the request for consultations, at an annual level not lower than that already reached by imports of the said category of products and indicated in the above-mentioned request.

8. For the purposes of concluding the agreements referred to in paragraph 6 above, and deciding on the measures provided for in paragraphs 5 and 7 or in the agreements or joint conclusions mentioned in paragraph 6, the procedure specified in Article 15 shall be followed.

9. The annual level of the quantitative limits fixed in accordance with paragraphs 5 to 8 shall not be less than the level of importations, into the Community or into the region or regions concerned in 1976, of products of the same category and originating in the same supplying country.

10. When the development of total importations into the Community of a product which is subject to a quantitative limit fixed in accordance with paragraphs 5 to 8 renders it necessary, the annual level of this quantitative limit shall be increased, after consultation with the supplying country in conformity with the procedure prescribed in Article 15, in order to comply with the conditions set out in paragraphs 1 and 2.

11. The quantitative limits fixed in accordance with paragraphs 6, 7 and 8 shall provide for a minimum annual growth rate determined as follows:

a) for products of Group I:

- 0.5% per annum for products of categories 1 and 2;
- 4 % per annum for products of categories 3 to 8;

b) for products of Groups II, III, IV and V and for products of Romanian origin in Group VI, the rate shall be determined in the agreements with supplying countries to which paragraph 5 refers, by joint agreement with the supplying country concerned in conformity with the consultation procedure prescribed in Article 15 .

12. The quantitative limits fixed in accordance with paragraphs 5 to 8 shall not apply to products which have already been dispatched to the Community provided that they were placed on board in the supplying country in which they originate for exportation to the Community before the entry into force of the quantitative limits concerned.

13. The quantitative limits fixed in accordance with paragraphs 5 to 8 shall be administered in conformity with Article 10, save as otherwise provided in accordance with the procedure laid down in Article 15.

Article 12

1. In respect of each quantitative limit set out in Annex IV, Member States shall notify the Commission, within the first ten days of each month, of the total quantities in the appropriate units and by country of origin and product category for which import authorizations have been issued during the preceding month. Quantities of products reimported into the Community after outward processing shall be indicated separately.

2. In respect of textile products of Annex I, Member States shall report to the Commission monthly, within thirty days after the end of each month, the total quantities imported during that month, by country of origin and NIMEXE code and in the units, including where appropriate supplementary units, of the NIMEXE code.

Such reports shall indicate separately the quantities imported for home use, the quantities imported for inward processing and under any other temporary import arrangement and the quantities imported after outward processing.

3. Member States shall report to the Commission, monthly, within thirty days after the end of each month, the quantities, in the appropriate units and by country of origin and product category, of products specified in Annex VII paragraph 1.

4. In order that the trend of the market may be monitored in respect of products covered by this Regulation, Member States shall communicate to the Commission, before 31 March of each year, statistics on exports, production and consumption by product category.

When the nature of the products or particular circumstances so necessitate, the Commission, acting under the procedure laid down in Article 15, either on request from a Member State or on its own initiative, may alter the time limits for communicating the abovementioned statistics.

5. Member States shall communicate to the Commission, under conditions adopted according to the procedure laid down in Article 15, all other particulars held under that procedure to be necessary in order that the obligations agreed between the Community and the supplying countries may be met.

Article 13

The Commission shall carry on the consultations with supplying countries under this Regulation in accordance with the following rules :

- the Commission shall notify the supplying country concerned of the request for consultations;
- where appropriate, the request for consultations shall be followed within a reasonable period (and in any case within fifteen days of the notification) by a report setting out the circumstances which, in the opinion of the Commission, justify the submission of such a request;
- the Commission shall initiate consultations within one month at the latest of notification of the request, with a view to reaching agreement or a mutually acceptable conclusion within one month at the latest.

Article 14

1. There is hereby established a Textile Committee (hereinafter referred to as the "Committee"). It shall be composed of representatives of the Member States and chaired by a Commission representative.
2. The Committee shall establish its rules of procedure.

Article 15

1. Where reference is made to the procedure defined in this Article, the Chairman, on his own initiative or at the request of a Member State, shall lay the matter before the Committee.
2. The Commission representative shall submit draft measures to the Committee. The Committee shall give an opinion on the said measures within a period which may be fixed by the Chairman to take account of the degree of urgency of the matters to be examined. The Committee's decision shall be taken by a qualified majority, the votes of the Member States being weighted as specified in Article 148 (2) of the Treaty. The Chairman shall not vote.
3. a) The Commission shall adopt the measures proposed where they are in conformity with the opinion of the Committee.

b) Where the measures proposed are not in conformity with the opinion of the Committee, or where no opinion has been given, the Commission shall submit to the Council without delay a proposal for measures to be taken. The Council shall act on the proposal by a qualified majority.

c) Should the Council fail to take a decision within one month of the date on which the proposal was laid before it, the Commission shall adopt the proposed measures.

Article 16

The Chairman may, on his own initiative or at the request of one of the Member States' representatives, consult the Committee about any other matter relating to the operation of this Regulation.

Article 17

The Member States shall inform the Commission forthwith of all measures taken pursuant to this Regulation, and in particular of those provided for in Article 11(1), and of all laws, regulations or administrative provisions concerning arrangements for importation of the products covered by this Regulation.

Article 18

1. This Regulation shall enter into force on the third day following its publication in the Official Journal.
2. Regulations (EEC) N^{os} 3019/77 and 265/78 are hereby repealed with effect from the entry into force of the Regulation.
3. All measures taken pursuant to the Regulations mentioned in paragraph 2 shall remain valid for the purposes of this Regulation.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

ORIGIN (1)

Article 1

1. Products listed in Annex I, originating in one of the supplying countries, may be imported into the Community in accordance with the arrangements established by this Regulation on production of a certificate of origin conforming to the specimen attached to this Annex.

Products listed in Annex I, originating in Hong Kong, shall be accompanied by a certificate of origin conforming to the special specimen marked "Hong Kong", attached to this Annex.

2. The certificate of origin shall be issued by the competent governmental authorities of the supplying country if the products in question can be considered products originating in that country within the meaning of the relevant rules in force in the Community.

However, products listed in Annex I other than those falling within Group I or II may be imported into the Community in accordance with the arrangements established by this Regulation on production of a declaration by the exporter or supplier on the invoice, or, where there is no invoice, on another commercial document relating to the products in question, to the effect that the said products originate in the supplying country where the declaration is made within the meaning of the relevant rules in force within the Community.

4. Paragraph 3 shall not apply to products originating in Egypt, Hong Kong, Macao, Sri Lanka or Thailand.

5. Where different criteria for determining origin are fixed in respect of products falling within a single category, the certificate or declaration must include a description of the goods which is sufficiently detailed to allow assessment of the basic criterion on which the said certificate or declaration has been issued or made.

(1) These provisions shall apply only to products exported after the dates stipulated in Article 1 (2) of Annex V for the countries referred to in the said Article 1 (2), provided the conditions established therein have been fulfilled.

Article 2

The discovery of slight discrepancies between the statements made in the certificate of origin and those made in the documents produced to the customs office for the purpose of carrying out the formalities for importing the product shall not ipso facto cast doubt upon the statements in the certificate.

Article 3

1. Subsequent verification of certificates of origin shall be carried out at random, or whenever the competent Community authorities have reasonable doubt as to the authenticity of the certificate or as to the accuracy of the information regarding the true origin of the products in question.

In such cases the competent authorities in the Community shall return the certificate of origin or a copy thereof to the competent governmental authority in the supplying country concerned, giving, where appropriate, the reasons of form or substance for an enquiry. If the invoice has been submitted, such invoice or a copy thereof shall be attached to the certificate or its copy. The authorities shall also forward any information that has been obtained suggesting that the particulars given on the said certificate are inaccurate.

2. The provisions of paragraph 1 above shall be applicable to subsequent verifications of the declarations of origin referred to in Article 1 (3) of this Annex.

3. The results of the subsequent verifications carried out in accordance with paragraphs 1 and 2 above shall be communicated to the competent authorities of the Community within three months at the latest.

4. Should such verifications reveal systematic irregularities in the use of declarations of origin, the Member State concerned shall inform the Commission of this fact. The Commission shall pass the information onto the other Member States.

At the request of a Member State or at the initiative of the Commission, the Committee on Origin shall, as soon as possible and in accordance with the procedure specified in Article 13 of Regulation (EEC) No 802/68 (1), examine whether it is desirable to require the production of a certificate of origin, in accordance with Article 1 (1) and 2 (2), in respect of the products and the supplying country concerned.

The decision shall be taken in accordance with the procedure specified in Article 14 of Regulation (EEC) N° 802/68.

5. For the purpose of subsequent verification of certificates of origin, copies of the certificates as well as any export documents referring to them shall be kept for at least two years by the competent governmental authority in each supplying country.

6. Random recourse to the procedure specified in this Article must not constitute an obstacle to the release for home use of the products in question.

Article 4

1. The movement certificates and forms EUR 1, EUR 2, A.ET 1 and A.ET 2, certificates of origin Form A and forms APR presented at the time of importation into the Community in order to obtain a tariff preference shall be accepted in place of the proof of origin stipulated in Article 1.

2. The proof of origin stipulated in Article 1 shall not be required where goods are accompanied by a certificate conforming to the specimen and complying with the conditions set out in Regulation (EEC) N° 2635/77 (2) or N° 2636/77 (3) or in the corresponding provisions which are to replace the said Regulations.

3. Paragraph 2 shall also apply to goods accompanied by a certificate conforming to the specimen and complying with the conditions set out in Annex VI of this Regulation.

(1) Regulation (EEC) N° 802/68 OJ N° L 148, 26.6.1968, p.1

(2) Regulation (EEC) N° 2635/77 OJ N° L 307, 30.11.1977, p.1

(3) Regulation (EEC) N° 2636/77 OJ N° L 307, 30.11.1977, p. 42

4. Non-commercial imports exempt from production of the documents referred to in paragraph 1 in accordance with the provisions of the preferential arrangements concerned shall not be subject to the provisions of this Annex.

5. The conditions upon which this Annex shall apply to non-commercial imports other than those covered by paragraph 4 shall be adopted before 1 april 1979 in accordance with the procedure specified in Article 14 of Regulation (EEC) N° 802/68.

Pending the implementation of these rules, the Member States may continue to apply the national rules in force in this field.

Double checking system

Article 1

1. The competent government authorities of the supplying countries shall issue an export licence (1) in respect of all consignments of textile products subject to the quantitative limits established in Annex IV, up to the level of the said limits and the corresponding shares (2).

Article 2

1. The export licence shall conform to the specimen appended to this Annex and may also contain a translation into another language. It must certify, inter alia, that the quantity of goods in question has been set off against the quantitative limit and the share established for the category of the product concerned.

(1) In the case of Brazil, India, Pakistan, Peru, Romania and Singapore, an export certificate. For the purposes of this Regulation the word licence shall be taken to include both licences and certificates.

(2) The dates of entry into force of this measure are as follows :

for Hong Kong, India and Thailand :	1.1.78
for South Korea :	19.2.78
for Argentina and Brazil :	5.3.78
for Pakistan :	19.3.78
for Malaysia :	30.4.78
for Peru, Mexico :	30.6.78
for Philippines	30.9.78

2. However, in the case of Hong Kong the export licence shall conform to the specimen attached to this Annex, bearing the words "Hong Kong".

3. Importers shall not be obliged to import the total quantity covered by an import authorization or document in a single consignment.

Article 3

The Member States' authorities must be notified forthwith of the withdrawal or alteration of any export licence already issued.

Article 4

Exports shall be set off against the quantitative limits and shares established for the year in which the goods are shipped, even if the export licence is issued after such shipment.

Article 5

1. The authorities of the Member State designated on the export licence as the country of destination shall issue an import licence automatically within a maximum of five working days of the presentation by the importer of the original of the corresponding export licence or, in the case of Hong Kong, Macao, Malaysia, South Korea, Sri Lanka or Yugoslavia, of a certified true copy of such licence.

2. The import authorizations shall be valid for six months.

3. The import authorizations shall be valid only in the Member State which issued them.

4. The importer's declaration or request should only mention :

- a) the importer's name and address
- b) a description of the product including :

- its commercial designation
- its tariff heading or Nimexe code
- the product category
- the country of origin;

d) the intended date or dates and place or places of importation.

Article 6

The export licences and the import authorizations shall be issued without discrimination to any importer in the Community wherever his office premises may be in the Community.

Article 7

1. Should the authorities of a Member State find that the total volume covered by the export licences issued by a supplying country for a given category exceeds the share established for that category, the said authorities shall suspend the issue of import authorizations and immediately inform both the authorities of the supplying country and the Commission.
2. The Commission shall immediately initiate consultations with the authorities of the supplying country.
3. However, in the case of products originating in Romania, where the products presented for importation into the Community do not exceed the share by more than 1 % of its volume, the competent authorities shall authorize importation of the products in question and shall automatically apply the advance use provision in Article 8 of the Regulation, without the need for prior notification by Romania

Form and rules for completion of export licences and certificates of origin;
common provisions

Article 1

Export licences and certificates of origin shall be made out in English, French or Spanish.

If they are completed by hand, entries must be in ink and in printscript.

Export licences and certificates of origin may comprise additional copies duly indicated as such.

The documents shall measure 210 x 297 mm. The paper used must be white sized writing paper not containing mechanical pulp and weighing not less than 25 g/m². Each part shall have a printed guilloche-pattern background making any falsification by mechanical or chemical means apparent to the eye (1). Each document shall bear a serial number, whether or not printed, by which it can be identified

Article 2

The export licence and the certificate of origin may be issued after the shipment of the products to which they relate. In such cases they must bear the endorsement "délivré à posteriori" or "issued retrospectively".

Article 3

In the event of theft, loss or destruction of an export licence or a certificate of origin, the exporter may apply to the competent governmental authority which issued the document for a duplicate to be made out on the basis of the export documents in his possession. The duplicate licence or certificate issued in this way must bear the endorsement "duplicata".

The duplicate must bear the date of the original licence or certificate.

(1) This condition shall not apply to Hong Kong, Singapore or South Korea

Article 4

The Commission shall supply the Member States' authorities with the names and addresses of the authorities in the supplying countries competent to issue certificates of origin and export licences, together with specimens of stamps used by these authorities.

ANNEX VII

referred to in Article 4

COTTAGE INDUSTRY AND FOLKLORE PRODUCTS

The exemption provided for in Article 4 in respect of cottage industry products shall apply only to the following types of product :

- a) textile fabrics woven on looms operated solely by hand or foot, being fabrics of a kind traditionally made in the cottage industry, except in the case of Thailand.
- b) garments or other textile articles of a kind traditionally made in the cottage industry, obtained manually from the fabrics described above and sewn by hand without the aid of any machine. In the case of India, the exemption shall apply to cottage industry products made by hand from the products described in paragraph (a).
- c) traditional folklore products of each supplying country, made by hand in the cottage industry, in a list to be agreed.
- d) in the case of Indonesia, Malaysia and Sri Lanka, traditional handicraft batik fabrics and textile articles made from such batik fabrics without the aid of any machine (1). Batik fabrics shall be defined as follows :
 - handicraft batik fabrics are made according to a traditional process whereby colours and shades are applied to white or unbleached fabric. This process is carried out by hand in three stages :
 - a) application of wax to the fabric by hand;
 - b) dyeing or painting (colour is applied either by the traditional craft method of dyeing, or by hand painting;
 - c) removal of wax by boiling the fabric.

Each colour or shade in the pattern involves the application of these three treatments.

(1) In the case of Sri Lanka, textile articles made from batik fabrics may also be sewn with the aid of a hand-or foot-operated machine.

2. Exemption shall be granted only in respect of products covered by a statistical document issued by the competent authorities in the Member State of destination. The statistical document shall be issued automatically within a maximum of five working days of the date of presentation by the importer of a certificate conforming to the specimen attached to this Annex and issued by the competent authorities of the supplying country concerned.

The statistical document must contain the information - including the declaration given in the corresponding certificate, and shall be valid for six months.

In the case of Indonesia and Malaysia, the following shall be entered in box N° 11 of the certificate :

" d) traditional handicraft batik fabrics and textile articles made by hand from such batik fabrics without the aid of any machine (2),"

" d) tissus artisanaux traditionnels "batik" et articles textiles fabriqués à la main, sans l'aide d'une machine à partir de tels tissus "batik" (2)"

In the case of India, the title of the certificate is as follows :

"Certificate in regard to handloom fabrics, products of the cottage industry and traditional folklore products, issued in conformity with and under the conditions regulating trade in textile products with the European Economic Community"

"Certificat relatif aux tissus tissés sur métier à main et aux produits faits avec ces tissus de fabrication artisanale et aux produits relevant du folklore traditionnel délivré en conformité avec et sous les conditions régissant les échanges de produits textiles avec la Communauté Economique Européenne"

and paragraph (b) in box N° 11 shall read as follows :

" b) hand-made cottage industry products made of the fabrics described under a) (2 a) (2)".

" b) produits de fabrication artisanale faits à la main avec les tissus décrits sous a) (2)"

The certificates shall specify the grounds on which exemption is granted. The statistical documents shall be accepted by the competent customs authorities in the Member States provided the said authorities are satisfied that the products concerned comply with the conditions laid down in this Annex.

3. Should imports of any product covered by this Annex reach proportions liable to cause problems within the Community, consultations with the supplying countries shall be initiated as soon as possible, with a view to resolving the situation by the adoption of a quantitative limit, in accordance with the provisions of Article 11 of the Regulation.
