Proposal for a

COUNCIL REGULATION (EC)

amending Council Regulation (EC) No 3365/94 allocating, for 1995,
certain catch quotas between Member States for vessels fishing in Faroese waters

(presented by the Commission)

EXPLANATORY MEMORANDUM

The Community, under Council Regulation (EC) No 3365/94, allocated to Member States catch possibilities for mackerel in Faroese waters.

Following a decision to reduce the mackerel TAC for biological reasons, the Community and the Faroe Islands have held consultations which resulted in an agreement to reduce the Parties' quotas for mackerel in the other Party's zone. As a result, the Parties agreed to reduce the Community catch quota for mackerel in Faroese waters from 6,170 tonnes to 4,910 tonnes.

It is, therefore, proposed to amend the above Council Regulation accordingly.

Proposal for a
COUNCIL REGULATION (EC) No/95
of March 1995

amending Council Regulation (EC) No 3365/94 allocating, for 1995,
certain catch quotas between Member States for vessels fishing in Faroese waters

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 3760/92 of 20 December 1992 establishing
a Community system for fisheries and aquaculture⁽¹⁾, and in particular Article 8 (4) thereof,

Having regard to the proposal from the Commission,

Whereas Council Regulation (EC) No 3365/94⁽²⁾ allocates, for 1995, certain catch quotas
between Member States for vessels fishing in Faroese waters;

Whereas a catch quota of 6,170 tonnes of mackerel was allocated to the Community in ICES
Division Vb for 1995. Whereas this quota has to be reduced in order to reflect the reduction
in the mackerel TAC for that area;

Whereas, in accordance with the procedure provided for in Article 2 of the Agreement on
Fisheries between the European Economic Community, of the one part, and the Government
of Denmark and the Home Rule Government of the Faroe Islands, of the other part⁽³⁾, the
Parties have had further consultations on their reciprocal fishing rights for 1995;

Whereas these consultations have been concluded and, as a result, the above mentioned catch
quota allocated to the Community has been reduced;

Whereas, to ensure efficient management of the catch possibilities available, they should be
allocated among Member States as quotas in accordance with Article 8 of Council Regulation
(EC) No 3760/92,

HAS ADOPTED THIS REGULATION:

Article 1

In Annex I to Council Regulation (EC) No 3365/94, the figures relating to mackerel in ICES
