WORKS CONTRACTS, SUPPLY CONTRACTS AND TECHNICAL COOPERATION CONTRACTS
FINANCED BY THE EUROPEAN DEVELOPMENT FUND. Statistics covering opera-
tions from the Fund's inception in 1959 to 31 December 1978 with sepa-
rate tables for the four EDF's.

NOTE :

The following tables show the statistical breakdown of works, supplies and technical cooperation contracts financed by the four EDFs up to 31 December 1978.

The figures given cover the following :

- (i) as regards works and supplies, contracts awarded following an international invitation to tender and, in the case of the Third and Fourth EDF, contracts concluded by any other procedure provided for;
- (ii) as regards technical cooperation, contracts concluded by mutual agreement in the fields of studies, works supervision and technical assistance, and the operation costs of Delegations in the ACP States, and for the 4th EDF, contracts awarded following competitive tendering.

The statistical returns are set out as follows:

- the first table shows the figures relating to the Fourth EDF, excluding "ACP" and "Third Country" items, so that the relevant portion coming back to each Member State is more apparent;
- the next four tables set out the figures relating to each of the four Funds respectively:
 - including "ACP" and "Third Country" items,
 - accompanied by a comparison with the returns made up to 31.3.78 so as to show progress made since that date;
- the final table is intended to facilitate an overall comparison of the returns for the four Funds up to 31.12.78.
