

COMMISSION OF THE EUROPEAN COMMUNITIES

COM(80) 651 final

Brussels, 23rd October 1980

AMENDED PROPOSAL REGULATION (EEC) OF THE COUNCIL
CONCERNING THE DISTRIBUTION AMONG THE MEMBER STATES
OF THE TOTAL CATCH POSSIBILITIES AVAILABLE TO THE
COMMUNITY IN 1980 OF STOCKS OR GROUPS OF STOCKS
OCCURRING IN THE COMMUNITY FISHING ZONE

(presented by the Commission to the Council pursuant to
to the second paragraph of article 149 of the EEC treaty)

COM(80) 651 final

EXPLANATORY MEMORANDUM

The present modified proposal for a Council Regulation (EEC) on Quotas 1980 is presented in conformity with Article 149 paragraph 2 of the Treaty.

It takes account of modifications which have had to be made in recent months to the quota calculations as a result of

(i) increases in the shares of the total allowable catches of certain species available to the Community which occurred since the Commission submitted its original proposals (COM(80) 452 final of 16 July 1980) to the Council;

(ii) revisions in the data which formed the basis of the proposal of 16 July; and

(iii) revisions in the method of calculating the quota figures.

The latter revisions are the most recent and concern the way in which figures for jurisdictional losses of Member States are used in the quota calculations.

The present modified proposal subsumes in the Annex the amendments already made to the Commission's original proposal of 1 October 1980 (COM(80) 575 final) and of 16 October, 1980 (COM(80) 617 final).

Modified Proposal for a
COUNCIL REGULATION (EEC) No. /80

concerning the distribution among the Member States
of the total catch possibilities available to the
Community in 1980 of stocks or groups of stocks
occurring in the Community fishing zone.

The Commission's proposal for a Council Regulation (EEC) on quotas
1980 (COM(80) 452 of 16 July 1980) shall be modified by the substitution
of the Annex following.
