The Committee is made up of eight members: four European and four Latin American. The programme activities

1. **The biennial meetings** on political and technical matters between mayors in European and Latin American towns are scheduled for 1998 and 2000. The first of these meetings will be held in Lisbon. The second meeting should take place in Latin America.

2. **The topical networks** will bring together local communities from the two regions to deal with specific problems. They will give rise to joint projects, which will include exchanges of experts and pilot operations.

The first network will be coordinated by the city of Santiago de Chile and will focus on the topic of "towns and drug problems". It will deal mainly with the role of local communities in the prevention of drug abuse and the reintegration of drug addicts. The seminar which is to launch the network is scheduled for November 1997. The organizers and Commission staff are at present compiling the paper which is to serve as a basis for discussions at this meeting. Towns and local communities which are interested are requested to contact the municipal authorities of Santiago de Chile now:

**Mr Carlos Varas
Director for international relations
Alcaldía Santiago de Chile
International Relations office
P.O. Box 52
D. Santiago de Chile
Chile**

The second network will be coordinated by the town of Vicenza and will have as its topic "the conservation of urban historic contexts". It should take place during the first half of 1998. The name and address of the coordinators of this network will be given in the next information circular.

Calls for expressions of interest in the other six networks will be published in the Official Journal. Three invitations to tender for the setting-up of networks will be issued in the first half of 1997.
