

COMMISSION OF THE EUROPEAN COMMUNITIES

COM(82) 305 final

Brussels, 4 June 1982

Proposal for a
COUNCIL DECISION
amending Decision 78/640/EEC on financial participation by the
Community in inspection and surveillance operations in the
maritime waters of Denmark and Ireland

(submitted to the Council by the Commission)

COM(82) 305 final

EXPLANATORY MEMORANDUM

Council Decision 78/640/EEC of 25 July 1978 (1) provides for Community financial contributions towards expenditure by Denmark and Ireland between 1 January 1977 and 31 December 1982 for short- and medium-term measures connected with the introduction of specialized facilities appropriate to the inspection and surveillance of fishing activities.

The implementation of the medium-term measures in Ireland has been delayed because of the complexity of designing new facilities, which must be particularly sophisticated to ensure total effectiveness in the inspection and surveillance of very large fishing areas.

Since the programme drawn up by Ireland and approved by the Commission Decision of 15 May 1979 cannot be fully implemented by 1 January 1983, the Commission considers that it would be in the Community's interest to extend this date so that the planned work can be completed and Community participation in the expenditure involved can be ensured.

To facilitate implementation, the Commission feels that there should be provision for the Community to make advance payments to Ireland as and when investment is made to fulfil the programme approved by the Commission.

The Commission therefore invites the Council to adopt the attached draft Decision amending Council Decision 78/640/EEC of 25 July 1978 on financial participation by the Community in inspection and surveillance operations in the maritime waters of Denmark and Ireland.

Proposal for a
COUNCIL DECISION

amending Decision 78/640/EEC
on financial participation by the Community in inspection
and surveillance operations in the maritime waters of
Denmark and Ireland

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,
and in particular Article 43 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament¹,

Whereas the introduction of a Community system for the conservation and management of fishery resources and the introduction of restrictions on fishing necessitate, in the Community interest, the protection of the resources and surveillance of the maritime waters which are within the jurisdiction of Member States;

Whereas Council Decision 78/640/EEC² provides that the Community shall participate in financing expenditure incurred in Denmark and Ireland between 1 January 1977 and 31 December 1982 in the implementation of short-term and medium-term measures to introduce specialized facilities for the inspection and surveillance of fishing activities;

Whereas the medium-term measures include in particular the purchase or construction of coastguard vessels, the purchase of reconnaissance aircraft and the purchase and installation of the necessary technical, electronic and photographic equipment;

Whereas the implementation of these medium-term measures in Ireland has been delayed because of the complexity of designing new facilities, which must be particularly sophisticated to ensure total effectiveness in the inspection and surveillance of very large fishing areas;

Whereas the programme drawn up by Ireland and approved by the Commission Decision of 15 May 1979 cannot be fully implemented by 1 January 1983; whereas this time-limit should be deferred in the Community interest to enable the planned work to be completed and to ensure Community participation in the expenditure involved;

Whereas, to facilitate the work concerned, provision should be made for the Community to make advance payments to Ireland as and when the investment is carried out with a view to fulfilling the programme approved by the Commission,

HAS DECIDED AS FOLLOWS :

Article 1

Decision 78/640/EEC is hereby amended as follows:

1. Article 1(2) is replaced by the following:

"2. The Community shall reimburse eligible expenditure incurred by Denmark and Ireland as a result of the introduction of the facilities referred to in paragraph 1 :

- up to 10 million ECU in the case of Denmark for the period from 1 January 1977 to 31 December 1982;
- up to 46 million ECU in the case of Ireland for the period from 1 January 1977 to 31 December 1984."

2. The following Article 1a is inserted after Article 1:

"Article 1a

1. As a contribution towards implementation of the work set out in the programme submitted by the Irish authorities and approved by the Commission on 15 May 1979, the Commission may make advance payments to the Government of Ireland of up to 80 % of the cost of the work envisaged for each annual phase.

2. Three months at the earliest before the start of actual work on an annual phase, the Government of Ireland may transmit a request to the Commission for advance payment from which it can be ascertained that the conditions for payment are fulfilled.

Six months after receipt of an advance payment, the Government of Ireland shall show to the satisfaction of the Commission that the work carried out amounts to at least 6.5 % of the annual phase multiplied by the number of months since the date of commencement of the work as given in the request for advance payment. If such cannot be shown, the Government of Ireland will be required to return the advance payment received.

3. Requests for advance payments relating to subsequent annual phases of work may be entered once at least 80 % of the work planned for the preceding phase has been completed and any earlier phases have been concluded.

4. Three months at the latest after the planned completion of an annual phase of work for which advance payment has been made, the Government of Ireland shall enter an application for the finalization of the aid granted for that phase. If such an application cannot be entered, the Government of Ireland shall be required to return the advance payment received."

3. The first sentence in point 2 of the Annex is replaced by the following :

"2. The medium-term measures must be implemented before 1 January 1983 in the case of Denmark and 1 January 1985 in the case of Ireland."

4. Point 6 of the Annex is replaced by the following :

"6. Applications for reimbursement shall relate to expenditure incurred by the Government of Ireland in the course of a calendar year or part of a calendar year greater than three months. Applications shall be forwarded to the Commission within 6 months in the case of expenditure during a calendar year and within 3 months in the case of expenditure during part of a calendar year."

Article 2

This Decision is addressed to the Kingdom of Denmark and to Ireland.
