COMMUNIQUE

EC CONGRATULATES NEW GOVERNOR GENERAL

EC Commission President Roy Jenkins sent the following message to Edward Schreyer on the occasion of his installation on 22 January as Governor General:

"It is with great pleasure that the Commission of the European Communities has learned of your appointment as Governor General of Canada. On my behalf and that of my colleagues, I convey to you our warmest congratulations on taking up this high office.

"My visit to Canada in March 1978 confirmed my conviction that the good relationship already existing between Canada and the Community will be further enhanced over the coming years and I am confident that our mutual efforts will lead to a closer cooperation.

"We wish you every success and good fortune in the tasks which lie before you."
