REGIONAL FUND AWARDS GRANTS OF 109 MUA
THIRD 1976 ALLOCATION

The Commission has approved a further instalment of grants, totalling 108 mua, from the European Regional Development Fund. These grants relate 471 investment projects in five Member Countries, with a total investment cost of 898 mua. This brings the total amount committed since the Regional Fund made its first grants in October 1975 to 568 mua.

Of the new allocation of grants, 28.2 mua are related to 155 projects in the industrial, handicraft and service sectors, and 80.6 mua to 316 infrastructures projects, including 16.9 mua for 195 rural infrastructure projects in less favoured agricultural areas. The attached tables give, for the five Member Countries concerned, a regional breakdown of the grants made under the new allocation, plus cumulative figures for all grants since October 1975. For the other countries cumulative figures are given on national basis only.

The projects include a number of important infrastructure developments, of which the largest by far concerns the modernisation of the port of Cagliari in Sardinia, the total investment cost of which is 258 mua. The grant of 36.6 mua for this project is the biggest single grant yet approved by the Regional Fund. The other major infrastructure projects approved in this allocation are :

- Sicily: improved water supply for industrial use in the regions of Agrigento, Caltanissetta and Palermo (Regional Fund grant: 3 mua)
- Greenland: construction of a new power station at Godthåb (1 mua)
- Scotland: construction of a new reservoir (Castle Hill Dam) and water treatment works at Glendevon, N.E. Fife (300,000 ua.)

ISEC/30/76

- Wales: development of a new industrial estate at Ebbw Vale, involving land preparation, roads on and leading to the estate, and gas, electricity, water and sewage services (675,000 ua.).

Payments are made to the national governments pari passu with their own expenditure in connection with the projects concerned. The governments are entitled, in accordance with the Fund regulation,⁺ to pass on the money to the investor, or to treat it as partial reimbursement of their own expenditure. In the latter event, the additional resources thus made available to them are to be used for other regional development purposes, so that the total regional development effort is increased correspondingly.

† Council Regulation (EEC) No 724/75 (OJEC No L 73)

EUROPEAN REGIONAL DEVELOPMENT FUND

(Third allocation of grants, 1976)

Grants to the United Kingdom : £ 9.7 million

Attached is a list of the projects in respect of which grants have been approved. The money will be paid to the United Kingdom Government in step with the Government's own expenditure on the projects concerned.

As far as industrial projects are concerned, the Community grants now announced represent a Fund contribution of up to half the cost of the assistance given to individual projects by the United Kingdom Government.

European Regional Development Fund grants are not paid to the companies concerned in addition to the assistance they receive from the Government because it is not the purpose of the Fund to enable the individual investor systematically to get an additional grant from the Community over and above what he would have received from the Government in any case. If that were to be done generally, it would simply mean that the same number of investments was undertaken but selected individual companies each got more. The main objective of the Fund is rather to enable a larger volume of regional industrial development, and associated investment in infrastructure, to take place than would have been possible if the Government had had to rely on national resources alone.

The Community grants towards infrastructure projects are passed on in full to the local and other public authorities concerned, thus reducing the amount they have to borrow to finance the investment in question.

Applications for grants in respect of projects with a total investment cost exceeding 10 million units of account (approximately £ 4.1 million) are dealt with separately. Smaller projects are grouped in a global application and a grant is made in respect of the whole group. It is not possible to give a figure for the aid granted to individual projects in this second category.

The United Kingdom had previously received £ 56.4 million of grants from the Regional Fund since October 1975. The present allocation brings the total grants to £ 66.1 million.

NORTHERN ENGLAND

TOTAL AID (all projects) £1 485 147.39

A. Industrial projects

Stockton-on-Tees, Imperial Chemical Industries Ltd £ 257 095.39
(nitric acid plant) at Billingham

Aid is given under a global application to the following projects:

Cumbria, Ullswater, Ullswater Hotel
(modernisation and re-equipping of derelict hotel)

Cumbria, Whitehaven, Albright & Wilson Ltd
(plant for the manufacture of sodium tripolyphosphate)

Peterlee, Rothe Erde (Great Britain) Ltd
(manufacture of slewing rings)

Total aid in respect of 3 industry projects (global £ 547 354
application)

TOTAL (all industry projects) £ 804 449.39

B. Infrastructure projects (global application)

Barrow-in-Furness (road improvement to industrial estate)

Blyth (provision of a bulk loading plant)

Carlisle, Harker (provision of transformers, switching
equipment and cables to increase industrial electrical supplies)

Easington, Thornley Station Industrial Estate
(provision of access road, sewers, water mains and
electricity supply)

Gateshead, Green Lane Industrial Estate
(site preparation and provision of basic services)

Gateshead, Whinfield Phase 2
(site preparation and provision of basic services)

Grangetown, Langbaugh, Balckow Road Industrial Estate
(provision of access roads and basic services)

North East Ironmasters, Middlesborough
(reclamation of derelict land)

NORTHERN ENGLAND (contd)

Penrith, Gilwilly Industrial Estate
(installation of sewers and provision of site access roads)

Sedgefield, Chilton Industrial Estate, Spennymoor
(provision of foul and surface water sewers)

Sedgefield, Spennymoor (provision of transformers,
switching equipment and cables to increase industrial electrical
supplies)

Stockton-on-Tees, Norton (provision of transformers,
switching equipment and cables to increase industrial electrical
supplies)

Sunderland, Washington New Town to Hylton Interchange
(construction of dual carriageway to link industrial
estate)

Port of Sunderland
(improvement of road system within dock area)

Sunderland, Leechmere East
(provision of roads, footpaths and lighting)

Sunderland, Leechmere West
(levelling of land and the provision of roads and
drainage facilities)

Sunderland, North Hylton Road
(levelling of land and the provision of access roads and
drainage facilities)

Port of Workington
(levelling and filling of land adjoining dock)

Workington, Lillyhall Industrial Estate
(preparation of land for industrial development)

Workington, Clay Flatts Industrial Estate
(installation of sewers and provision of site access roads)

Total aid in respect of 20 infrastructure projects (global
application)

£ 680 698

NORTH WEST ENGLAND

TOTAL AID (all projects) £1 159 960

A. Industrial projects

Bolton, Electric Power Storage Ltd £ 700 000
(motive power lead acid batteries)

B. Infrastructure projects (global application)

Chester, Halton (Fiddlers Ferry)
(increase of electricity supply)

Chester, Huntington
(water treatment works)

Knowsley, Kirkby Industrial Estate
(improvement of access roads)

Liverpool, Knowsley Industrial Estate
(construction of on-site roads)

Sefton, Brasenose Industrial Estate
(industrial estate services)

St Helens, Phase II
(improvement to link road serving industrial estates)

St Helens
(increase of electricity supply to industry)

Total aid in respect of 7 infrastructure projects £ 459 960
(global application)

YORKSHIRE & HUMBERSIDE

TOTAL AID

£88 500

Infrastructure project (global application)

Whitby
(Dredging of harbour and land reclamation for
additional deep water berths)

SCOTLAND

TOTAL AID (all projects) £2 618 658

A. Industrial projects

Glasgow, John Walker & Sons Ltd £1 105 000
(whisky blending, bottling and casing)

B. Infrastructure projects

Castlehill and Glendevon, Fife Regional Council £ 300 000
(reservoir and water treatment works)

Aid is given under a global application to the following projects

Larvick
(servicing of industrial site and construction of advance factories)

Bishopbriggs
(access road)

Burghmuir, Stirling
(redevelopment of disused factory)

Camuslang
(access road)

Cowie
(road)

Dumbarton
(roads and drainage for industrial site)

Edinburgh
(access road and site services)

Edinburgh
(railway underpass, access road, internal roads and drainage)

Edinburgh, Dumfries and Galloway
(provision of serviced sites)

Eyemouth
(access road, water and drain services and power supplies)

Eyemouth
(new bridge and road improvements)

SCOTLAND (contd)

Grangemouth (provision of additional pumping capacity for industry)	
Grangemouth (improvement of sewage treatment works)	
Hawick (removal of dangerous bends and improve access road to industrial site)	
John O'Groats (improvement of pier and harbour facilities)	
Kelso (access road, water and drainage services)	
Springburn (access road to new industrial estate and construct advance factory area)	
Tweedbank (water service to industrial estate)	
Walkerburn (reconstruction of sewage treatment work)	
<u>Total aid in respect of 19 infrastructure projects</u> (global application)	£1 213 658
TOTAL (all infrastructure projects)	£1 513 658

WALES

TOTAL AID (all projects) £2 914 852.50

A. Industrial projects

Wrexham, The Kellogg Co. of Great Britain £1 052 000
(manufacture cereal products)

Aid is given under a global application to the following projects:

Cross Keys, Risca, Color Steels Ltd
(slitting/shearing colour coated steel)

Briton Ferry, Starwrought Products Ltd
(aluminium extrusions)

Milford Haven, Barnelake Engineering Ltd.
(pontoon barges)

Milford Haven, Consolidated Beryllium Ltd
(technical ceramics)

Merthyr Tydfil, OP Chocolate Ltd
(wafer biscuit materials)

Tafarnaubach, Grundy Auto Products Ltd
(stainless steel exhaust systems)

Total aid in respect of 6 industry projects £ 416 650

TOTAL (all industry projects) £1 468 650

B. Infrastructure projects

Ebbw Vale, Blaenau Gwent Borough Council £ 675 000
(industrial sites and services)

Aid is given under a global application to the following projects:

Abergele, Kimmel Bay Industrial Estate
(industrial estate services)

Bagillt, Manor Farm Industrial Estate
(industrial estate services)

Colwyn Bay, Mochdre Industrial Site
(industrial estate services)

WALES (contd)

Ebbw Vale
(access road improvement to industrial site)

Glyndwr, Chirk
(industrial estate services)

Gwynedd, Gaerwen Industrial Estate - Phase II, Llangefni
(industrial estate services, access roads)

Gwynedd, Bala Estate, Llangollen
(industrial estate services, access roads)

Llanelli, Machynys Industrial Site
(industrial estate services)

Llanelli, Lower Trostre Road Industrial Estate
(industrial estate services)

Newport, Stephenson Street Industrial Estate
(industrial estate services - Phase II)

Newtown, Mochdre Industrial Estate
(industrial estate services - Phase III)

Pontypool
(access road for industrial sites)

Rhymney Valley, Pontlottyn Industrial Site
(industrial estate services)

Risca
(access road for industrial sites)

Swansea
(industrial estate, access roads)

Wattstown, Aberllechan Road Industrial Site
(industrial estate, access roads)

Total aid in respect of 16 infrastructure projects £ 771 202.50

TOTAL (all infrastructure projects) £1 446 202.50

NORTHERN IRELAND

<u>TOTAL AID (all projects)</u>	<u>£1 469 743</u>
A. <u>Industrial projects (global application)</u>	
Belfast, Ford Motor Company, Ltd (motor car components)	
<u>Total aid in respect of 1 industrial project</u>	£ 355 063
B. <u>Infrastructure projects (global application)</u>	
Belfast (modernisation of quays and industrial sites)	
Coleraine (dredger)	
Larne (extension of vehicle ferry service facilities)	
Londonderry (harbour works)	
Londonderry - Strabane - Omagh (electricity power supply lines)	
Rathlin Island (harbour improvement)
