## Explanatory memorandum

# 1. Subject

Both Protocol No 3 on ACP sugar annexed to the ACP-EEC Convention of Lomé and the Agreement with India on cane sugar place an obligation on the Community to purchase, at guaranteed prices, agreed quantities of white or raw sugar originating in the ACP states and India. Article 5 (4) of the Protocol and of the Agreement require these prices to be negotiated annually within the price range obtaining in the Community, taking into account all relevant economic factors. The Community prices to apply in the sugar sector during the 1976/77 marketing year which begins on 1 July 1976 were fixed by the Council at its session on 2,3 and 4 March 1976.

The present guaranteed prices apply until 30 June 1976. Accordingly, this recommendation for a decision seeks a mandate authorising the opening of the negotiations required by Article 5 (4) of the Protocol and of the Agreement in order to fix — at the latest by 1 May 1976 — the guaranteed prices to apply to the delivery period which begins on 1 July 1976.

### 2. Financial implications

This recommendation for a decision, in particular the annual negotiation of the guaranteed prices, is the normal consequence of the annual price decisions. From the financial point of view it does not involve implications other than those already taken into consideration in the framework of agricultural prices (DOC. COM 75/600 final II pages 119 to 130).
