The Co-operation Council shall approve the Greek text.

TITLE II

Transitional measures

ARTICLE 3

For the products listed in Annex I, the Hellenic Republic shall progressively abolish customs duties on imports of products originating in Egypt in accordance with the following timetable:

- on 1 January 1981, each duty shall be reduced to 90% of the basic duty,
- on 1 January 1982, each duty shall be reduced to 80% of the basic duty,
- the four other reductions of 20% each shall be made on:
  - 1 January 1983,
  - 1 January 1984,
  - 1 January 1985,
  - 1 January 1986.

#### ARTICLE 4

1. For the products listed in Annex I, the basic duty to which the successive reductions provided for in Article 3 are to be applied shall, for each product, be the duty actually applied by the Hellenic Republic in respect of Egypt on 1 July 1980.
2. However, in respect of matches falling within heading No 36.06 of the Common Customs Tariff, the basic duty shall be 17.2% ad valorem.

ARTICLE 5

1. For the products listed in Annex I, the Hellenic Republic shall progressively abolish charges having equivalent effect to customs duties on imports of products originating in Egypt in accordance with the following timetable:
  - on 1 January 1981, each charge shall be reduced to 90% on the basic rate;
  - on 1 January 1982, each charge shall be reduced to 80% on the basic rate;
  - the four other reductions of 20% each shall be made on:
    - 1 January 1983,
    - 1 January 1984,
    - 1 January 1985,
    - 1 January 1986.
2. The basic rate to which the successive reductions provided for in paragraph 1 are to be applied shall, for each product, be the rate applied by the Hellenic Republic on 31 December 1980 in respect of the Community as at present constituted.
3. Any charge having equivalent effect to a customs duty on imports, introduced as from 1 January 1979 in trade between Greece and Egypt, shall be abolished on 1 January 1981.

ARTICLE 6

If the Hellenic Republic suspends or reduces duties or charges having equivalent effect on products imported from the Community as at present constituted more quickly than under the established timetable, the Hellenic Republic shall also suspend or reduce, by the same percentage, those duties or charges having equivalent effect on products originating in Egypt.

ARTICLE 7

1. The variable component which the Hellenic Republic may apply to products covered by Council Regulation (EEC) No 3033/80 of 11 November 1980 laying down the trade arrangements applicable to certain goods resulting from the processing of agricultural products, originating in Egypt, shall be adjusted by the compensatory amount applied in trade between the Community as at present constituted and Greece.
  
2. For the products covered by Regulation (EEC) No 3033/80 and also listed in Annex I to this Protocol, the Hellenic Republic shall abolish, in accordance with the timetable laid down in Article 3, the difference between:
  - the fixed component of the duty to be applied by the Hellenic Republic upon accession, and
  - the duty (other than the variable component) resulting from the provisions of the Agreement.

ARTICLE 8

For the products listed in Annex II to the EEC Treaty, the preferential rates laid down or calculated shall be applied to the duties actually levied by the Hellenic Republic in respect of third countries in accordance with Article 64 of the Act of Accession of 1979.

Under no circumstances shall Greek imports from Egypt benefit from rates of duty more favourable than those applied to products from the Community as at present constituted.

ARTICLE 9

1. The Hellenic Republic may retain quantitative restrictions until 31 December 1985 on products listed in Annex II, originating in Egypt.
2. The restrictions referred to in paragraph 1 shall take the form of global quotas.

The global quotas for 1981 are listed in Annex II.

3. The minimum rate of progressive increase for the quotas referred to in paragraph 2 shall be 25% at the beginning of each year for quotas expressed in European units of account (EUA), and 20% at the beginning of each year for quotas expressed in terms of volume. Such increases shall be added to each quota and the next increase calculated on the basis of the total thus obtained.

Where a quota is expressed in terms of both volume and value, the quota relating to volume shall be raised by at least 20% a year and the quota relating to value by at least 25% a year, the succeeding quotas to be calculated each year on the basis of the preceding quota plus the increase.

However, with regard to motor coaches and buses and other vehicles falling within subheading ex 87.02 A I of the Common Customs Tariff, the volume quota shall be raised by 15% a year and the quota relating to value by 20% a year.

4. Where it is found that imports into Greece of a product listed in Annex II have for two consecutive years been less than 90% of the quota, the Hellenic Republic shall liberalize imports of that product originating in Egypt, if the product in question is at that time liberalized towards the Community as at present constituted.

5. If the Hellenic Republic liberalizes imports of a product listed in Annex II coming from the Community as at present constituted or increases a quota applicable to the Community as at present constituted beyond the minimum rate laid down in paragraph 3, the Hellenic Republic shall also liberalize imports of that product originating in Egypt or increase the global quota proportionally.
  
6. Regarding licences for imports of products listed in Annex II and originating in Egypt, the Hellenic Republic shall apply the same administrative rules and practices as applied to such imports originating in the Community as at present constituted, with the exception of the quota for fertilizers falling within heading Nos 31.02 and 31.03 and subheadings 31.05 A I, II and IV of the Common Customs Tariff, where the Hellenic Republic may apply the rules and practices relevant to exclusive marketing rights.

#### ARTICLE 10

1. Import deposits and cash payments in force in Greece on 31 December 1980 with regard to imports of products originating in Egypt shall be progressively eliminated over a period of three years from 1 January 1981.

The rate of import deposits and cash payments shall be reduced in accordance with the following timetable:

- 1 January 1981: 25%,
- 1 January 1982: 25%,
- 1 January 1983: 25%,
- 1 January 1984: 25%,

2. For the products listed in Annex II to the EEC Treaty, charges having equivalent effect to customs duties and measures having equivalent effect to quantitative restrictions (import deposits, cash payments, validation of invoices, etc.) shall be abolished by the Hellenic Republic on 1 January 1981 in respect of products originating in Egypt in accordance with Article 65 of the Act of Accession of 1979.

3. If, in respect of the Community as at present constituted, the Hellenic Republic reduces the rate of import deposits or cash payments more quickly than under the timetable set out in paragraph 1, the Hellenic Republic shall make the same reduction with regard to imports of products originating in Egypt.

TITLE III

- 1 January 1981: 25%
- 1 January 1982: 25%,

- 1 January 1984: 25%.

2. If, in respect of the Community as at present constituted, the Hellenic Republic reduces the rate of import deposits or cash payments more quickly than under the timetable set out in paragraph 1, the Hellenic Republic shall make the same reduction with regard to imports of products originating in Egypt.

**Additional Protocol  
to the Cooperation Agreement between the European  
Economic Community and the Arab  
Republic of Egypt**

ADDITIONAL PROTOCOL

to the Cooperation Agreement between the European Economic Community and the Arab Republic of Egypt

THE EUROPEAN ECONOMIC COMMUNITY,

of the one part, and

THE ARAB REPUBLIC OF EGYPT,

of the other part,

HAVING REGARD to the Cooperation Agreement between the European Economic Community and the Arab Republic of Egypt, signed at Brussels on 18 January 1977, hereinafter referred to as the 'Agreement',

CONSIDERING that the Community and Egypt wish to strengthen still further their relations in order to take account of the new dimension created by the accession to the European Communities of Spain and Portugal, on 1 January 1986, and that Article 46 of the Agreement provides for the possibility of improvements in its terms,

CONSIDERING that certain rules should be foreseen to enable Egypt's traditional export trade with the Community to be maintained,

HAVE DECIDED to conclude a Protocol adapting certain provisions of the Agreement, and to this end have designated as their Plenipotentiaries:

THE COUNCIL OF THE EUROPEAN COMMUNITIES:

THE GOVERNMENT OF THE ARAB REPUBLIC OF EGYPT:

WHO, having exchanged their Full Powers, found in good and due form,

HAVE AGREED AS FOLLOWS:

*Article 1*

1. Customs duties applicable under the Agreement to imports into the Community of products originating in Egypt covered by the Agreement and listed in Annex A to this Protocol shall be phased out over the same periods and at the same rates as provided in the Act of Accession of Spain and Portugal in respect of imports into the Community as constituted on 31 December 1985 of the same products from Spain and Portugal. This provision shall be applied in accordance with the rules hereinafter set out in this Article.

In the course of this phasing-out of customs duties and where the level of customs duty in force for Spanish imports into the Community as constituted on 31 December 1985 differs from that for Portugal, products originating in Egypt shall be subject to the higher of the two rates.

2. Where the customs duty on a product listed in Annex A is lower for Egypt than for Spain, Portugal or both, phasing out of the duty shall commence once the duty on the same product from both Spain and Portugal has fallen below that applying to imports originating in Egypt.

3. Customs duties on imports of products originating in Egypt and listed in Annex A in respect of which Community tariff quotas are indicated in the said Annex shall be phased out within the limits of such quotas.

Once the volume of imports of these products exceeds the quotas, the Community shall apply the customs duties prevailing under the Agreement.

4. For the purposes of phasing out customs duties, reference quantities are established in Annex A for certain products originating in Egypt.

Should the volume of imports of one of these products exceed the reference quantity, the Community, having regard to an annual review of trade flows which it shall carry out, may make the product in question subject to a Community tariff quota as provided for in paragraph 3, the volume of which shall be equal to the reference quantity.

5. For the products listed in Annex A for which reference quantities are not therein fixed, the Community may establish a reference quantity as provided for in paragraph 4 if it discovers, in the light of the annual review of trade flows which it shall carry out, that the volume of imports threatens to cause difficulties on the Community market.

#### *Article 2*

For the products originating in Egypt and listed in Annex B to this Protocol, the custom duties applicable to imports into the Community shall be phased out in accordance with paragraphs 1 and 3 to 5 of Article 1.

Should any of the products in Annex B be made subject to Community tariff quotas, the Community shall apply the Common Customs Tariff to the volume of imports in excess of such tariff quotas.

#### *Article 3*

1. For 1990 and for each successive marketing year, the Community shall decide, on the basis of the statistical review and analysis referred to in paragraph 2, and taking into account factors relevant to the objective of maintaining traditional trade flows in the context of enlargement, whether to adjust the entry price, referred to in Regulation (EEC) No 1035/72, for fresh oranges falling within Common Customs Tariff subheading 08.02 ex A originating in Egypt, within a quantitative limit of 7 000 tonnes.

2. From 1987 onwards and at the end of each marketing year, the Community shall carry out, on the basis of a statistical review, an analysis of the situation for oranges originating in Egypt exported to the Community.

For this same product, from 1989 onwards and for each subsequent year, the Community shall draw up, together with Egypt, a forecast of production and deliveries.

3. The possible adjustment provided for in paragraph 1 refers to the sum to be deducted, in respect of customs duty, from the representative prices recorded in the Community for the purpose of calculating the entry price of this product, within the limits set out in Article 152 (2) (c) of the Act of Accession of Spain and Portugal.

#### *Article 4*

Upon the entry into force of this Protocol, quantitative restrictions shall be removed from imports into the Community of the products originating in Egypt and listed in Annex B to the Agreement, and measures having an effect equivalent to quantitative restrictions on such imports shall also be abolished.

#### *Article 5*

1. A Trade and Economic Cooperation Committee shall be set up for the purpose of improving the operation of the institutional mechanisms of the Agreement. The committee shall facilitate:

- the regular exchange of information on trade and production data and forecasts,
- the regular exchange of information on the possibilities for cooperation in areas covered by the Agreement.

The committee shall be chaired alternately by a representative of the Commission of the European Communities and a representative of Egypt.

2. The Cooperation Council shall determine as soon as possible the composition of this committee and how it shall function, in accordance with Article 40 (2) of the Agreement. It may also decide, where appropriate, upon the submission of reports to the Council by the committee.

#### *Article 6*

From 1995 onwards, the Community and Egypt shall examine the results of the cooperation between the Contracting Parties in order to appraise the situation and the future development of their relations in the light of the objectives defined in the Agreement.

#### *Article 7*

This Protocol shall form an integral part of the Cooperation Agreement between the European Economic Community and the Arab Republic of Egypt.

#### *Article 8*

1. This Protocol shall be ratified, accepted or approved by the Contracting Parties in accordance with their own procedures; the Contracting Parties shall notify each other of the completion of the procedures necessary to that end.

2. This Protocol shall enter into force on the first day of the month following that in which the notification provided for in paragraph 1 was given.

#### *Article 9*

This Protocol shall be drawn up in duplicate in the Danish, Dutch, English, French, German, Greek, Italian, Portuguese, Spanish and Arabic languages, each of these texts being equally authentic.

Joint Declaration by the Contracting Parties on Articles 1 and 2 of the Additional Protocol.

The Contracting Parties agree that, should the entry into force of the Additional Protocol not coincide with the start of the calendar year or, as the case may be, the seasonal year, the quantitative limits referred to in Articles 1 and 2 shall be applied on a *pro rata* basis.

The Contracting Parties further agree that the charging against quantitative limits of Community imports of products originating in Egypt and subject to such limits under the Additional Protocol shall begin on 1 January of each year, except in respect of oranges, for which the date of 1 July shall apply.

---

Joint Declaration by the Contracting Parties concerning new potatoes falling within Common Customs Tariff subheading 07.01 A II ex a)

To avoid disturbance on the Community market, the Contracting Parties agree to meet within an advisory working party to examine the situation on the potato markets (state of harvests and supply situation) both in the Community importing countries and in the Mediterranean exporting countries. The members of this working party will be designated by the Governments of the main Mediterranean exporting and Community importing countries.

The working party, chaired by the Commission of the European Communities, would meet at least three times a year, in particular before sowing takes place in the exporting countries and at the time of deliveries.

These meetings would enable the main potato-exporting countries to be informed both of the receiving markets and of competing markets, and their purpose would be to draw up indicative export timetables designed to prevent deliveries being concentrated around sensitive periods for the Community market.

---

Declaration by the Representative of the Federal Republic of Germany on the application of the Additional Protocol to Berlin

The Additional Protocol shall also apply to Land Berlin provided that no statement to the contrary by the Government of the Federal Republic of Germany is addressed to the other Contracting Parties within three months of the entry into force of the Protocol.

This provision shall apply in accordance with paragraphs 2 and 3 hereof and with Article 4.

2. The Kingdom of Spain shall dismantle customs duties on imports originating in Egypt in accordance with the following timetable:

3. For the purposes of applying the duties calculated in accordance with paragraph 2 they shall be rounded down to one decimal place by deleting the second decimal.

1. The basic duty for each product to which the successive reductions provided for in Article 3(2) shall be applied shall be the duty actually applied by the Kingdom of Spain vis-à-vis the Community on 1 January 1985.

2. By way of derogation from paragraph 1:

- in the case of products listed in Annex I, the basic duty shall be the duty applied by the Kingdom of Spain vis-à-vis Egypt on 1 January 1985;

ARTICLE 5

Should the Kingdom of Spain suspend customs duties on imports from the Community as constituted on 31 December 1985 or reduce them more rapidly than envisaged under the timetable laid down, it shall also suspend or reduce, by the same percentage, the customs duties applying the like products originating in Egypt, other than products listed in the Annex.

In the case of products referred to in Article 8(1) which are not subject on 1 March 1986 to a common organization of the market, the provisions of the Agreement concerning the elimination of charges having equivalent effect to customs duties and the abolition of quantitative restrictions and measures having equivalent effect shall not apply to such charges, restrictions or measures where they form an integral part of a national organization of the market in Spain at the time of accession.

This provision shall apply only until a common organization of the market is established for such products or until 31 December 1995, whichever is the earlier, and only insofar as is strictly necessary to ensure the functioning of the national organization.

### SECTION III

#### Canary Islands and Ceuta and Melilla

#### ARTICLE 12

1. Without prejudice to the following provisions, the arrangements for trade between the Canary Islands and Ceuta and Melilla on the one hand and Egypt on the other shall be the same as those for trade between the Community and Egypt provided the Arab Republic of Egypt accords products originating in the Canary Islands and Ceuta and Melilla the same treatment it accords those from the Community.

2. Customs duties existing in the Canary Islands and in Ceuta and Melilla with regard to products other than those listed in Annex II to the Treaty establishing the European Economic Community and the charge known as "arbitrio insular - tarifa general" existing in the Canary Islands shall be dismantled in respect of products originating in Egypt and in accordance with the timetable and arrangements indicated in Articles 3, 4 and 5.

3. Customs duties existing in the Canary Islands and Ceuta and Melilla with regard to products listed in Annex II to the Treaty establishing the European Economic Community and originating in Egypt shall be aligned progressively on the preferential duties applied by the Community in respect of such products, subject to the proviso that those territories may accord more favourable treatment to such products than the Community does.

In no case shall duties be dismantled at a faster rate or otherwise than is laid down in Articles 3, 4 and 5.

4. The charge known as "arbitrio insular - tarifa especial" in the Canary Islands shall be abolished in respect of products originating in Egypt as from the entry into force of this Protocol.

2. In agreement with Egypt and with the aim of encouraging regional cooperation, natural and legal persons who are national of developing countries associated with the Community through overall cooperation or association agreements may be authorized by the Community exceptionally, on a case-by-case basis, to participate in the operations referred to in paragraph 1 which are financed by the Community. The eligibility of the natural or legal persons shall be assessed on the terms set out in paragraph 1, *mutatis mutandis*.

#### Article 13

To promote participation by Egyptian undertakings in the performance of contracts and to ensure the rapid and effective implementation of projects and operations financed from resources administered by the Commission:

1. an accelerated procedure for issuing invitations to tender, involving shorter time limits for the submission of tenders, may be used by Egypt in agreement with the

Commission where it is a question of works contracts which, because of their scale, are mainly of interest to Egyptian undertakings.

The organization of this accelerated procedure shall not rule out the possibility of issuing an international invitation to tender where it appears that the nature of the works to be carried out or the usefulness of widening participation justifies recourse to international competition;

2. where urgency of the situation is established or where the nature, small scale or particular characteristics of certain works or supplies so warrant, Egypt may, in agreement with the Commission, authorize, as an exception, the placing of contracts after restricted invitations to tender, the conclusion of contracts by direct agreement and the performance of contracts through public works departments.

The procedures referred to in points 1 and 2 may be used for operations whose estimated cost is less than 3 million ECU.

#### Article 14

1. Egypt shall apply to contracts awarded for the execution of projects or operations financed by the Community, fiscal and customs arrangements no less favourable than those applied *vis-à-vis* the most-favoured State or international development organization.
2. The content of the arrangements referred to in paragraph 1 shall be established by means of an exchange of letters between the Parties.

#### Article 15

Egypt shall take the necessary measures to ensure that interest and all other payments due to the Bank in respect of transactions concluded under this Protocol are exempted from any national or local tax or levy.

#### Article 16

Where a loan is accorded to a beneficiary other than the Egyptian State, the provision of a guarantee by the latter or of other adequate guarantees shall be required by the Bank as a condition of the grant of the loan.

#### Article 17

Throughout the duration of the loans and risk capital operations provided for in Article 2, Egypt shall undertake to:

- (a) place at the disposal of the beneficiaries or their guarantors the currency necessary for the payment of

interest and commission and amortization of loans and risk capital aid granted for the implementation of aid measures on their territory;

- (b) make available to the Bank the foreign currency necessary for the transfer of all sums received by it in national currency which represent the net revenue and proceeds from transactions involving the acquisition by the Community of holdings in the capital of companies or firms.

*Article 18*

The results of financial and technical cooperation may be examined within the Cooperation Council. The latter shall establish, where appropriate, the general guidelines for such cooperation.

*Article 19*

One year before the expiry of this Protocol, the Contracting Parties will examine what arrangements could be made for financial and technical cooperation during a possible further period.

*Article 20*

This Protocol shall be annexed to the Cooperation Agreement concluded between the European Economic Community and the Arab Republic of Egypt.

*Article 21*

1. This Protocol shall be subject to approval in accordance with the Contracting Parties' own procedures; the Contracting Parties shall notify each other that the procedures necessary to this end have been completed.

2. This Protocol shall enter into force on the first day of the second month following the date on which the notifications provided for in paragraph 1 have been given.

*Article 22*

This Protocol shall be drawn up in two copies in the Danish, Dutch, English, French, German, Greek, Italian, Portuguese, Spanish and Arabic languages, each of these texts being equally authentic.

Brussels, 28 March 1980

DECISION No 1 / 80 OF THE EEC-EGYPT CO-OPERATION COUNCIL

laying down the rules of procedure of the Co-operation Council  
set up under the Co-operation Agreement  
between the European Economic Community and  
the Arab Republic of Egypt

---

THE CO-OPERATION COUNCIL,

Having regard to the Co-operation Agreement between the European  
Economic Community and the Arab Republic of Egypt,  
and in particular Articles 37 and 40 thereof,

HAS DECIDED AS FOLLOWS:

Article 1

The office of President of the Co-operation Council shall be held alternately as follows:

- from 1 April to 30 September by a member of the Egyptian Government,
- from 1 October to 31 March, by a member of the Council of the European Communities.

Article 2

After obtaining the agreement of both parties, the President of the Co-operation Council shall determine the date and place for the meetings of the Co-operation Council.

Article 3

1. The members of the Co-operation Council may be accompanied by officials to assist them. The proposed composition of each delegation shall be communicated to the President before each meeting.
2. A representative of the European Investment Bank shall attend the meetings of the Co-operation Council when matters which concern the Bank appear on the agenda.

Article 4

Where the members of the Co-operation Council are represented, the representatives shall exercise all the rights of the members.

Article 5

Unless otherwise decided, meetings of the Co-operation Council shall not be public. Entry to meetings of the Co-operation Council shall be subject to the showing of a pass.

Article 6

The Co-operation Council may validly decide on a matter outside the meetings by the written procedure where both parties are in agreement.

Article 7

All communications from the President provided for in these rules of procedure shall be forwarded to the members of the Council of the European Communities, to the General Secretariat thereof and to the Secretariat-General of the Commission and to the Mission of Egypt to the European Communities.

Article 8

1. The President shall draw up the provisional agenda for each meeting. It shall be forwarded to the recipients referred to in Article 7 not less than twenty-one days before the beginning of the meeting.

The provisional agenda shall consist of those items in respect of which the request for inclusion has reached the President not less than twenty-eight days before the beginning of the meeting.

The only items which may appear on the provisional agenda shall be those in respect of which the relevant documentation has been forwarded to the recipients referred to in Article 7 not later than the date of dispatch of this agenda.

The agenda shall be adopted by the Co-operation Council at the beginning of each meeting. Where both parties agree, items which do not appear on the provisional agenda may be included.

2. The President may, in agreement with the two parties, shorten the time limits laid down in paragraph 1 to take account of the requirements of a particular case.

Article 9

Minutes shall be kept of each meeting, including in particular - on the basis of the President's summing up of the proceedings - a summary of the conclusions adopted by the Co-operation Council.

After being approved by the Co-operation Council, the minutes shall be signed by the President-in-Office and by the secretaries of the Co-operation Council and kept in its archives. A copy of the minutes shall be forwarded to the recipients referred to in Article 7.

Article 10

The official languages of the Co-operation Council shall be Danish, Dutch, English, French, German, Italian and Arabic.

Unless otherwise decided, the Co-operation Council shall base its deliberations on documentation prepared in these seven languages.

Article 11

Acts adopted by the Co-operation Council shall be signed by the President.

Article 12

Decisions, resolutions, recommendations and opinions of the Co-operation Council within the meaning of Article 37 of the Agreement shall be entitled "Decision", "Resolution", "Recommendation", or "Opinion", followed by a serial number and a description of their subject.

Article 13

The decisions, resolutions, recommendations and opinions of the Co-operation Council within the meaning of Article 37 of the Agreement shall be divided into Articles.

The acts referred to in the preceding paragraph shall end with the formula "Done at ....., .....", the date to be inserted being that on which they are adopted by the Co-operation Council.

The decisions, resolutions, recommendations and opinions of the Co-operation Council shall be forwarded to the recipients referred to in Article 7.

Article 14

A Co-operation Committee shall be set up responsible for assisting the Co-operation Council in the performance of its duties, for preparing its deliberations, for studying any matter which the Co-operation Council has entrusted it to examine and, in general, for ensuring the continuity of co-operation required for the proper functioning of the Co-operation Agreement.

The Co-operation Committee shall be made up of representatives of the members of the Co-operation Council.

The offices of chairman and secretary of the Committee shall be held under the same conditions and alternate in the same way as the office of President of the Co-operation Council.

Article 15

The secretariat duties shall be carried out jointly by a member of the staff of the General Secretariat of the Council of the European Communities and an official of the Egyptian Government.

Article 16

1. A Customs Co-operation Committee shall be set up responsible for ensuring administrative co-operation with a view to the correct and uniform application of the customs provisions of the Agreement and for any other task in the customs field which the Co-operation Committee might entrust to it.
2. The Committee shall be composed on the one hand of customs experts of the Member States and of officials of the departments of the Commission who are responsible for customs questions and, on the other hand, of customs experts from Egypt. It shall meet alternately under the chairmanship of a representative of the Commission and of a representative of Egypt, in accordance with the same rules as those applied by the Co-operation Council.
3. The Customs Co-operation Committee shall keep the Co-operation Council regularly informed of its work and shall submit its agenda prior to its meetings. Such information and communications shall be transmitted via the secretariat of the Co-operation Council. Wherever a question relating to the application of the Agreement is raised, the Customs Co-operation Committee must refer the matter to the Co-operation Council.

Article 17

The Community and Egypt shall be responsible for such expenditure as they shall incur by reason of their participation in the meetings of the Co-operation Council and of its Committees and working parties, both with regard to staff, travel and subsistence expenditure and to postal and telecommunications expenditure.

Expenditure in connection with interpreting at meetings, translation and reproduction of documents shall be borne by the Community, with the exception of expenditure in connection with interpreting or translation into or from Arabic, which shall be borne by Egypt. Expenditure relating to the material organization of meetings shall be borne by the Community.

Article 18

Without prejudice to such other provisions as may apply, the deliberations of the Co-operation Council shall be covered by the obligation of professional secrecy.

Article 19

Correspondence intended for the Co-operation Council shall be sent to its President at the address of the General Secretariat of the Council of the European Communities.

Article 20

2. The Contracting Parties may request consultation at any time from the date of notification. This shall take place as soon as possible and not later than twenty-one days from the date of request.
3. Should consultation give rise to a divergent assessment of the extent of the measures proposed or taken in an urgent case, the Contracting Party concerned shall reconsider those measures.
4. Consultations shall take place according to the form most appropriate for the matter involved.

The competent body may be the Co-operation Council or the Co-operation Committee.
