COUNCIL OF THE EUROPEAN COMMUNITIES

1. Composition

The Council consists of representatives of the Member States. Each Government delegates one of its members to the Council, the composition of which may thus vary according to the subject before it. The office of President is held for a term of six months by each member of the Council in turn; once the remaining terms in the current rota (Netherlands and United Kingdom) have been completed, the order will be as follows:

- for a first cycle of six years; Belgium, Denmark, Germany, Greece, Spain, France, Ireland, Italy, Luxembourg, Netherlands, Portugal, United Kingdom;
- for the following cycle of six years: Denmark, Belgium, Greece, Germany, France, Spain, Italy, Ireland, Netherlands, Luxembourg, United Kingdom, Portugal.

The Council meets when convened on the initiative of the President or at the request of one of its members or of the Commission.

2. Powers

Following the merger of the institutions of the three European Communities, which took effect in 1967, a single Council took the place of the Special Council of Ministers of the European Coal and Steel Community and the Councils of the European Economic Community and Euratom. It exercises the powers and jurisdiction conferred on those institutions in accordance with the provisions of the Treaties establishing respectively, the European Coal and Steel Community the European Economic Community and the European Atomic Energy Community, the so-called 'Merger' Treaty of 1965 establishing a single Council and a single Commission of the European Communities, the 1972 Treaty concerning the accession of Denmark, Ireland and the United Kingdom, the 1979 Treaty concerning the accession of Greece and the 1985 Treaty concerning the accession of Spain and Portugal.

In accordance with the Rome Treaties (EEC, Euratom), the Council ensures coordination of the general economic policies of the Member States and has power to take decisions. All provisions of general scope or of a certain importance must be adopted by the Council but, except in a limited number of cases, the Council may act only on a proposal from the Commission. The difference between the Rome Treaties and the Paris Treaty (ECSC) is that, according to the former, it is the Council which generally takes the decision, on a proposal from the Commission, while the latter states that decisions are generally to be taken by the High Authority (now the Commission) with the assent of the Council.

3. Method of voting in the Council

The EEC and Euratom Treaties state that, save as otherwise provided, the Council shall act by a majority of its members. In most cases, however, the Treaties stipulate either unanimity or qualified majority.

In calculating a qualified majority, Member States have the number of votes laid down in the Treaties: Germany, France, Italy, United Kingdom: 10; Spain; 8; Belgium, Greece, Netherlands, Portugal: 5; Ireland, Denmark: 3, Luxembourg 2. Total 76.

When, in pursuance of the Treaties, the Council has to act on a proposal from the Commission, 54 votes are required to attain a qualified majority. In other cases, 54 votes in favour cast by at least eight members of the Council are necessary.

If the Council amends a proposal from the Commission, unanimity is required for the act constituting such amendment.

Abstentions do not prevent the adoption by the Council of decisions which require unanimity.

As regards the ECSC, except for the special arrangements covering budget matters, decisions of the Council, other than those for which a qualified majority or unanimity is required, are taken by a vote of the majority of its members; this majority is considered to be attained if it represents an absolute majority of the representatives of the Member States, including the votes of the representatives of two Member States which each produce at least one ninth of the total value of the coal and steel output of the Community.

4. Form of Council acts

For EEC and Euratom matters, Council acts may take the following forms: Regulations, Directives, Decisions, Recommendations and Opinions.

Regulations are general in scope, binding in their entirety and directly applicable in all Member States; Directives are binding on the Member States to which they are addressed as regards the results to be achieved, but leave national authorities the power to decide the form and means; Decisions, which may be addressed to a Member State, to an undertaking or to an individual, are binding in their entirety on the parties named therein; Recommendations and Opinions are not binding. Regulations must be published in the Official Journal and, unless otherwise provided therein, enter into force twenty days after publication. Directives and Decisions take effect upon notification to the parties concerned.

Apart from instruments having legal effects which are expressly mentioned in the Treaties, the Council adopts decisions on general matters and resolutions; the scope of such instruments is determined in each individual case.

5. Presidency of the Council

The President of the Council who, as mentioned above, exercises his duties for a period of six months, carries out as fully as possible his role of coordination. He sees to the smooth running of Council work and endeavours to find concrete solutions to the problems placed before the Council.

CONFERENCE OF REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER STATES

The Treaties establishing the EEC, the ECSC and Euratom lay down that certain decisions shall be taken by common accord by the Governments of the Member States.

Thus, for amendments to the EEC Treaty (Article 236 — EEC), the necessary decisions are taken by the Conference of Representatives of the Governments of the Member States.

ARTICLE 113 COMMITTEE

The Committee which is provided for in Article 113 of the EEC Treaty is responsible for assisting the Commission in the negotiations on trade and tariff matters which the latter conducts on behalf of the Community.

SPECIAL COMMITTEE ON AGRICULTURE

This Committee was set up by the representatives of the Member States as part of their decision of 12 May 1960 on speeding up the attainment of the objectives of the EEC Treaty, with the task of preparing the Council's discussions on common agricultural policy. The brief was subsequently confirmed by the Council.

STANDING COMMITTEE ON EMPLOYMENT

A Council Decision of 14 December 1970 set up a Standing Committee on Employment, with the task of ensuring, in compliance with the Treaties and with due regard for the powers of the institutions and organs of the Communities, that there is continuous dialogue, joint action and consultation between the Council — or, where appropriate, the Representatives of the Governments of the Member States — the Commission and the two sides of industry in order to facilitate coordination by the Member States of their employment policies in harmony with the objectives of the Community.

STANDING COMMITTEE ON URANIUM ENRICHMENT (COPENUR)

This Committee was set up by the Council at its meeting on 22 May 1973 and its tasks are to carry out up-to-date studies of the market in enriched uranium, taking into account the production potential and the guarantees afforded by the various suppliers, to collect data on the fundamental technical and economic features of the various technologies, to examine ways and means of promoting the development of the industrial capacity needed by the Community and to facilitate the coordination of efforts between the partners concerned.

The Committee is composed of Commission representatives and representatives of public bodies and undertakings interested in the supply of enriched uranium.

SCIENTIFIC AND TECHNICAL RESEARCH COMMITTEE (CREST)

This Committee was set up by the Council Resolution of 14 January 1974 on the coordination of national policies and the definition of projects of interest to the Community in the field of science and technology and is required to assist the Commission and the Council in performing the tasks which devolve upon them in defining the objectives and ensuring the development of a common policy in the field of science and technology.

The Committee consists of representatives of the Member States and the Commission. The Chairman is a Commission representative and secretarial services are provided by the General Secretariat of the Council, with the aid of Commission experts for scientific and technical problems.

ENERGY COMMITTEE

This Committee, set up by the Council Decision of 30 January 1974, ensures the coordinated application by the Member States of measures taken by the Community in the field of energy policy. The Member States and the Commission inform and consult each other within the Committee on the overall conditions under which the energy requirements of the Community are met and on the foreseeable evolution of those requirements. The Committee assists the Commission in the preparation of proposals which it intends to formulate. The Committee is convened by its Chairman or at the request of a Member State. The Secretariat of the Committee is provided by the General Secretariat of the Council, with the aid of Commission experts for technical problems.

EDUCATION COMMITTEE

In their Resolution of 6 June 1974 on cooperation in education, the Ministers for Education, meeting in the Council, set up an Education Committee responsible for working out priority measures in education in conjunction with the Commission.

The Chair of the Committee is held by whichever country is President of the Council.

**SELECT COMMITTEE
ON COOPERATION AGREEMENTS
BETWEEN MEMBER STATES AND THIRD COUNTRIES**

This Committee is responsible for implementation of the Council Decision of 22 July 1974 establishing a consultation procedure for cooperation agreements between Member States and third countries. In order to ensure that the content of these cooperation agreements is in accordance with the common policies, and with the Community commercial policy in particular, it provides a framework for the exchange of information and views in the field of cooperation and, where appropriate, encourages coordination of activities with regard to the third countries concerned.

It is composed of representatives of each Member State and chaired by a representative from the Commission. The necessary secretarial services are provided by the General Secretariat of the Council.

WORKING PARTIES

Various Working Parties carry out preparatory work under the aegis of the Council. They meet as required.

EEC - YUGOSLAVIA COOPERATION COUNCIL

The Cooperation Agreement between the EEC and the Socialist Federal Republic of Yugoslavia, which was signed at Belgrade on 2 April 1980 and entered into force on 1 April 1983, is administered by a Cooperation Council with the power to take decisions in the cases provided for in the Agreement. This Council is composed of the members of the Council and of members of the Commission of the European Communities on the one hand and of members of the Government of the Socialist Federal Republic of Yugoslavia on the other. The office of President of the Cooperation Council is held alternately by a member of the Council of the European Communities and by a member of the Government of the Socialist Federal Republic of Yugoslavia.

The Cooperation Council is assisted in the performance of its duties by a Cooperation Committee composed of a representative of each Member State and a representative of the Commission of the European Communities on the one hand and of representatives of the Socialist Federal Republic of Yugoslavia on the other. The Cooperation Council may decide to set up other committees.

The Secretariat is run jointly by an official of the Yugoslavian Government and an official of the Community.

COUNCIL OF MINISTERS AFRICAN, CARIBBEAN AND PACIFIC (ACP) STATES - EUROPEAN ECONOMIC COMMUNITY

The third ACP-EEC Convention was signed in Lomé (Togo) on 8 December 1984. It has not yet entered into force, but its institutional provisions have been applied in anticipation since 1 March 1985, the date on which the previous Convention expired.

The institutions of the third ACP-EEC Convention are — in addition to the Joint Assembly — the Council of Ministers and the Committee of Ambassadors.

The Council of Ministers is composed, on the one hand, of the members of the Council of the European Communities and of members of the Commission and, on the other hand, of a member of the Government of each of the ACP States. The Council of Ministers, which establishes the broad lines of the work to be undertaken in the context of application of the Convention, has the power to take decisions in the cases provided for in the Convention and for the attainment of the Convention's objectives.

The office of President of the Council of Ministers is held alternately by a member of the Council of the European Communities and a member of the Government of an ACP State. The ACP representative holds office from 1 April to 30 September and the member of the Council of the European Communities does so from 1 October to 31 March.

The Council of Ministers meets once a year, or in special session at the request of either the ACP States or the Community, on a date fixed by the President after consulting the members of the Council.

The Council of Ministers is assisted by **the Committee of Ambassadors** composed, on the one hand, of each Member State's Permanent Representative and one representative of the Commission and, on the other, of the head of each ACP State's mission. A representative of the European Investment Bank attends meetings of the Committee and of the Council of Ministers whenever matters which concern the Bank appear on the agenda.

The Committee is responsible for preparing the meetings of the Council and for carrying out any brief given to it by the Council. The Council may delegate part of its powers to the Committee.

The Committee is assisted by:

- (i) the Agricultural Commodities Committee provided for in Article 47 of the new Convention;
- (ii) the Committee on Industrial Cooperation provided for in Article 70 of the new Convention;

- (iii) the Customs Cooperation Committee provided for in Article 28 of Protocol 1 annexed to the Final Act of the new Convention;
- (iv) the Permanent Joint Group on Bananas provided for in Protocol 4 annexed to the Final Act of the new Convention;
- (v) the following Subcommittees:
 - (a) the Subcommittee for Cooperation on Agricultural and Rural Development,
 - (b) the Subcommittee on Trade Cooperation,
 - (c) the Subcommittee on the Stabilization of Export Earnings,
 - (d) the Subcommittee on Sugar,
 - (e) the Subcommittee on Financial and Technical Cooperation,
 - (f) the Subcommittee on the Special Problems of the Least-developed, Landlocked and Island States.

The Committee may, if necessary, set up other subcommittees.

The **Article 193 Committee** under the new Convention (Article 108 in the second Convention) has been set up within the Council of Ministers with the task of improving the implementation of financial and technical cooperation. It is composed of a representative of each Member State, a representative of the Commission and 11 representatives of the ACP States.

The Secretariat of the Council of Ministers, Committee of Ambassadors, Committees, Subcommittees and of the Permanent Joint Group is run jointly by two Secretaries who are appointed after joint consultation, one by the ACP States and the other by the Community.

The ACP States have appointed Mr Edwin W. CARRINGTON, Secretary-General of the ACP Group of States and the Community Mr Daniel VIGNES, Director in the General Secretariat of the Council of the European Communities as co-Secretaries.

General Secretariat of the ACP Group of States

Avenue Georges Henri, 451
1200 - BRUSSELS
Tel. 733 96 00

The main functions of the **Centre for the Development of Industry** (Article 79 *et seq.* of the second Lomé Convention and Article 71 *et seq.* of the third Lomé Convention) in the Community and the ACP States are to disseminate information, carry out studies, facilitate contacts between policy-makers, identify partners and projects and possible sources of financing and discuss opportunities for industrial training and applied research.

The statutes and rules of operation of the centre, whose general strategy is defined and whose main organs are appointed by the Committee on Industrial Cooperation, are adopted by the ACP-EEC Council of Ministers acting on a proposal from the Committee of Ambassadors.

Being of an operational nature, the Centre enjoys in all of the States party to the Lomé Convention the most extensive legal capacity accorded to legal persons. It is non-profitmaking. It has its seat in Brussels.

Director of the Centre : Dr Isaac Adedayo AKINRELE
(from 15 May 1985)

Deputy Director of the Centre : Mr Jens MOSGAARD
(from 15 May 1985)

Centre for the Development of Industry

Tel. 513 41 00

Under the second Lomé Convention, an Advisory Council composed of members chosen on an individual basis from nationals of the States party to the Lomé Convention on the grounds of their qualifications and experience was responsible for advising the Director of the Centre. Under the third Lomé Convention, a Governing Board composed in a similar manner replaced the Advisory Council and, in addition to its advisory and supporting role, takes certain decisions such as approving budgets and annual accounts.

The **Technical Centre for Agricultural and Rural Cooperation** (Article 88 of the second Lomé Convention and Article 37 of the third Lomé Convention), placed under the authority of the Committee of Ambassadors, is at the disposal of the ACP States' authorities responsible for agricultural development in order to provide them with better access to information, research, training and innovations in the agricultural and rural sector. It also arranges, in this context, meetings relating in particular to tropical agriculture and/or questions of agricultural development.

In all the States party to the Lomé Convention the centre enjoys the most extensive legal capacity accorded to legal persons. It is non-profit-making. Its current seat is in Wageningen (Netherlands) and it has a branch office in Brussels.

Address of the Centre : Technical Centre for
 Agricultural
 and Rural Co-operation
 'de Rietkampen'

 (NETHERLANDS)

Director of the Centre : Mr Assoumou MBA

Adviser-Assistant to the Director : Mr Werner TREITZ

In technical and scientific matters the Director of the Centre will be assisted by an Advisory Committee composed of experts on agricultural and rural development appointed in equal numbers from both sides.

COMMITTEE OF SENIOR OFFICIALS ON SCIENTIFIC AND TECHNICAL RESEARCH (COST)

This Committee was set up in 1970 by the representatives of the 19 States (*) participating in 'European Cooperation in the field of scientific and technical research' (COST). The terms of reference given to it on the basis of an exchange of letters between the President of the Council of the European Communities and the Ministers for Foreign Affairs invited to participate in cooperation was renewed and extended by the Conference of Ministers for Research held in 1971.

The tasks of the committee are to prepare the general strategy of COST cooperation, to select and prepare the various projects and elaborate the agreements relating to them. It is also responsible for managing the COST fund, appointing project coordinators and experts and setting up subcommittees.

It is composed of representatives of each participating State and of representatives of the Commission of the European Communities. Its secretariat is provided by the General Secretariat of the Council, which also provides the secretariat for the horizontal subcommittees, and in particular for the Working Party on Legal, Administrative and Financial Questions (JAF Working Party) and the Working Party on New Projects.
