DOCUMENT 317/76

ORAL QUESTIONS (O-45, O-46/76)

with debate, pursuant to Rule 47 of the Rules of Procedure

by Mr SCHWÖRER, on behalf of the Committee on Economic and Monetary Affairs

to the Council and the Commission of the European Communities

Subject: Simplification of customs procedures, customs legislation and institutional methods for dealing with customs matters

In view of the political, economic and psychological importance of all measures designed to bring about improvements in the operation of the customs union and the fact that with effect from 1 July 1977 the bulk of goods traffic between the nine Member States of the Community and the seven EFTA States is to be duty free, could the Council and the Commission indicate what stage has been reached in the implementation of the work programme approved by the Council.

This question refers in particular to the implementation of the simplification programme, improvements in institutional arrangements and adherence to the timetable contained in the work programme. PE 45.503
