ORAL QUESTION (0-91/76)

with debate, pursuant to Rule 47 of the Rules of Procedure by Mr GULDBERG on behalf of the Committee on Economic and Monetary Affairs to the Commission of the European Communities

Subject: A common policy for the aerospace industry

On 16 December 1976 the European Parliament approved the entry on the 1977 budget of an appropriation of 8 million u.a. for basic research in the aerospace industry. When does the Commission intend to submit the specific proposal that has been announced for this sector?

The European Parliament also approved the establishment of an item for aid to the aerospace industry so that, if necessary, amounts could be transferred to this item during 1977. When does the Commission intend to submit the specific proposal that has been announced relating to common financing that will be able to replace national financing, research and development schemes in connection with programmes for large aircraft for civil aviation?
