ORAL QUESTION (O-144/78)

with debate pursuant to Rule 47 of the Rules of Procedure
by Mr KLEPSCH

on behalf of the Christian-Democratic Group (European
People's Party)

to the Commission of the European Communities

Subject: Restructuring in industry

The major problem posed by the restructuring of crisis sectors in industry is undoubtedly the difficulty of creating substitute employment in the regions affected by the modernization of certain undertakings.

In June 1978 the Commission presented a memorandum to the European Council entitled 'Report on Some Structural Aspects of Growth', which discusses Community action to make use of opportunities for development so far unexploited in the Community.

Can the Commission inform the European Parliament what action it has taken to put the ideas contained in this document into practice?
