DOCUMENT 63/79

ORAL QUESTION (O-145/78)

with debate pursuant to Rule 47 of the Rules of Procedure  
by Mr KLEPSCH

on behalf of the Christian-Democratic Group (European  
People's Party)

to the Council of the European Communities

Subject: Restructuring in industry

The major problem posed by the restructuring of crisis sectors in industry is undoubtedly the difficulty of creating substitute employment in the regions affected by the modernization of certain undertakings.

In June 1978 the Commission presented a memorandum to the European Council entitled 'Report on Some Structural Aspects of Growth', which discusses Community action to make use of opportunities for development so far unexploited in the Community.

Can the Council inform the European Parliament what action it has taken on this Commission document?
