to the Commission of the European Communities

Subject : Replacement of financial contributions
from Member States by the Communities'
own resources

1. How many Member States have at present taken the necessary administrative measures to implement the decision of 21 April 1970 on the replacement of financial contributions from Member States by the Communities' own resources, and, in particular, the 6th directive harmonising the basis of assessment for Value Added Tax, and will the Commission provide the dates by which it believes that these measures will have been taken in the remaining Member States ?
2. Does the Commission realise that failure by the Member States to adopt the necessary measures would cause a rectifying budget to be introduced for 1978, on which, Parliament, as part of the budgetary authority, would have last word ?
