DOCUMENT 1-245/79

MOTION FOR A RESOLUTION

tabled by Mr D CURRY on

behalf of the European Democratic Group

pursuant to Rule 25 of the Rules of Procedure
on the agricultural policy

The European Parliament,

- having regard to the Scott-Hopkins report on the Stocktaking of the Common Agricultural Policy (Doc. 115/75),
- having regard to the Caillavet report on the outcome of the Echternach Seminar (Doc. 128/79),
- 1. believes that the development of the Common Agricultural Policy has reached the stage where a second 'stocktaking' must be undertaken, to review progress to date and to propose the lines of future reform and development,
- 2. calls on the Commission of the European Communities to propose positive new solutions to the problems of the dairy sector, and instructs its Committee on Agriculture to prepare urgently a report on possible new lines of action in this field,
- 3. calls on the Commission, and also instructs its Committee on Agriculture to report on the contributions agricultural products can make to energy supply,
- 4. believes that the European Parliament should be closely related with Council price decisions, and therefore calls for the establishment of a concertation procedure with the Council of Agriculture Ministers on the annual Price Review, analogous to that applicable to the Community budget,
- 5. instructs its President to forward this resolution to the Presidents of the Commission and Council.
