DOCUMENT 1-712/82

MOTION FOR A RESOLUTION

tabled by Mrs THEOBALD-PAOLI

pursuant to Rule 47 of the Rules of Procedure

on the publication of a 'Guide to Solar Energy in Europe'

PE 80.986

The European Parliament,

- A. having regard to the Commission's reply to Written Question No. 915/82 by Mrs THEOBALD-PAOLI on the publication of a 'Guide to Solar Energy in Europe'
 - B. having regard to the communiqués issued following the meetings of 16 March and 13 July 1982 of the Council of Ministers for Energy of the European Community, reaffirming the unanimous resolve of the Ten to persevere in their efforts to reduce their dependence on oil as a source of energy despite the temporary easing of the situation on the hydrocarbons market.
 - C. whereas, to this end, priority should be given to informing users and economic operators of the new technologies capable of reducing the Community's energy dependence,
 - D. whereas the Commission has already issued several publications designed to inform the public, although these have not yet been grouped together as a collection,
 - E. whereas, in this connection and in the interests of a rapid and coherent diffusion of information, it seems desirable to publish a single guide to solar energy, the development of which has continued to expand, notably in regions such as Provence-Alpes-Cote d'Azur, the first French region to have embarked on a large-scale solar project,
1. Calls on the Commission to group together and supplement its publications on solar energy in a 'Guide to Solar Energy in Europe';
 2. Stresses its great interest in the development of solar energy in Europe;
 3. Instructs its President to forward this resolution to the Commission and the Council.
