ORAL QUESTION (0-94/83)

with debate pursuant to Rule 42 of the Rules of Procedure

by Mr FANTI and Mr PIQUET

on behalf of the Communist and Allies Group

to the Council of the European Communities

Subject: Decisions to be taken on four subjects of the  
negotiation taken as a whole

whereas the Stuttgart European Council has declared itself in favour of a genuine overall compromise with regard to the decisions to be taken on four subjects of negotiation taken as a whole (CAP, structural funds, financing of the Community and correction of imbalances, EMS and new policies),

whereas the European Parliament has stated clearly that any proposal for the correction of financial imbalances in isolation from the other aspects is unacceptable,

having regard to the undertakings repeatedly made by the Council that it will take into account the opinions expressed by the European Parliament on the above-mentioned topics and that it will involve Parliament itself;

PE 86.972

1. What stage has the negotiation reached?
2. Have the above-mentioned criteria and undertakings been observed?
3. What guarantee can the Council give so as to avoid biased or unsatisfactory results, as occurred in the case of the mandate of 30 May 1980?
