DOCUMENT 319/78

MOTION FOR A RESOLUTION

tabled by Mr BLUMENFELD, Mr NOË and Mr FUCHS  
on behalf of the Christian-Democratic Group  
(Group of European People's Party)

with request for urgent debate  
pursuant to Rule 14 of the Rules of Procedure

on/air traffic control

The European Parliament,

- having regard to the serious disruption of communications caused by the recent go-slow by French air traffic controllers;
- having regard to the fact that this brought hardship to thousands of passengers and - what is even more serious - endangered human life by increasing the risk of collisions between aircraft, as evidenced by the near airmiss in the Lyons airspace;
- referring to its resolution of 10 May 1978<sup>1</sup> calling for improved air traffic control;

Calls upon the Commission and the Council of the European Communities to take as soon as possible, in accordance with Articles 84 and 100 of the Treaty, appropriate measures and action to improve ground and on-board equipment and to resolve the problems of the organizations responsible for control.
