INDEX to issues 30 through 38, May 1958 - November 1959

References in this index supplement are listed according to issue number and page.

This index has been prepared especially for librarians, journalists, students, and readers who maintain a file of the *Bulletin from the European Community*. It is the third index issued since the bulletin was first published in October, 1954. A limited number of copies of the second index, covering the period from September, 1956, through April, 1958, are still available from the Washington office of the European Community Information Service. A fourth index, covering Bulletins No. 39 through 43, is in preparation.
