COUNCIL OF THE EUROPEAN COMMUNITIES

1. Composition

The Council consists of representatives of the Member States. Each Government delegates one of its members to the Council, the composition of which may thus vary according to the subject before it. The office of President is held for a term of six months by each member of the Council in turn, in the following order : Belgium, Denmark, Germany, Greece, France, Ireland, Italy, Luxembourg, Netherlands, United Kingdom. The Council meets when convened on the initiative of the President or at the request of one of its members or of the Commission.

2. Powers

Following the merger of the institutions of the three European Communities, which took effect in 1967, a single Council took the place of the Special Council of Ministers of the European Coal and Steel Community and the Councils of the European Economic Community and Euratom. It exercises the powers and jurisdiction conferred on those institutions in accordance with the provisions of the Treaties establishing the European Coal and Steel Community, the European Economic Community and the European Atomic Energy Community, and of the so-called «Merger» Treaty of 1965 establishing a single Council and a single Commission of the European Communities, of the 1972 Treaty concerning the accession of Denmark, Ireland and the United Kingdom, and of the 1979 Treaty concerning the accession of Greece.

In accordance with the Rome Treaties (EEC, Euratom), the Council ensures co-ordination of the general economic policies of the Member States and has power to take decisions. All provisions of general scope or of a certain importance must be adopted by the Council but, except in a limited number of cases, the Council may act only on a proposal from the Commission. The difference between the Rome Treaties and the Paris Treaty (ECSC) is that, according to the former, it is the Council which generally takes the decision, on a proposal from the Commission, while the latter states that decisions are generally to be taken by the High Authority (now the Commission) with the assent of the Council.

3. Method of voting in the Council

The EEC and Euratom Treaties state that, save as otherwise provided, the Council shall act by a majority of its members. In most cases, however, the Treaties stipulate either unanimity or qualified majority.

In calculating a qualified majority, Member States have the number of votes laid down in the Treaties : Germany, France, Italy, United Kingdom : 10; Belgium, Greece, Netherlands : 5; Ireland, Denmark : 3; Luxembourg : 2. Total 63.

When, in pursuance of the Treaties, the Council has to act on a proposal from the Commission, 45 votes are required to attain a qualified majority.

In other cases, 45 votes are necessary, cast by six countries.

If the Council amends a proposal from the Commission, unanimity is required for the act constituting such amendment.

Abstentions do not prevent the adoption by the Council of decisions which require unanimity.

As regards the ECSC, except for the special arrangements covering budget matters, decisions of the Council, other than those for which a qualified majority or unanimity is required, are taken by a vote of the majority of its members; this majority is considered to be attained if it represents an absolute majority of the representatives of the Member States, including the votes of the representatives of two Member States which each produce at least one eighth of the total value of the coal and steel output of the Community.

4. Form of Council acts

For EEC and Euratom matters, Council acts may take the following forms : regulations, directives, decisions, recommendations and opinions.

Regulations are general in scope, binding in their entirety and directly applicable in all Member States; directives are binding on the Member States to which they are addressed as regards the results to be achieved, but leave national authorities the power to decide the form and means; decisions, which may be addressed to a Member State, to an undertaking or to an individual, are binding in their entirety on the parties named therein; recommendations and opinions are not binding. Regulations must be published in the Official Journal and, save as otherwise provided, enter into force twenty days after publication. Directives and decisions take effect upon notification to the parties concerned.

Apart from instruments having legal effects which are expressly mentioned in the Treaties, the Council adopts decisions on general matters and resolutions; the legal scope of such instruments is determined in each individual case.

5. Presidency of the Council

The President of the Council who, as mentioned above, exercises his duties for a period of six months, carries out as fully as possible his role of co-ordination. He sees to the smooth running of Council work and endeavours to find concrete solutions to the problems placed before the Council. This co-ordinating role is of paramount importance for the harmonious development of the Community and has been further strengthened by the series of practical measures adopted by the Council in 1973 and 1974.

CONFERENCE OF REPRESENTATIVES OF THE GOVERNMENTS OF THE MEMBER STATES

The Treaties establishing the EEC, the ECSC and Euratom lay down that certain decisions shall be taken by common accord by the Governments of the Member States.

Thus, for amendments to the EEC Treaty (Article 236 - EEC), the necessary decisions are taken by the Conference of Representatives of the Governments of the Member States.

The Second ACP-EEC Convention signed at Lomé (Togo) on 31 October 1979, and entered into force on 1 January 1981 established the Council of Ministers, assisted by the Committee of Ambassadors, as well as the Consultative Assembly.

The Council of Ministers is composed of the members of the European Communities and of members of the Commission on the one hand and of a member of the Government of each ACP State on the other. The Council of Ministers, which defines the broad outlines of the work to be undertaken in the context of applying the Convention, has the power to take decisions in the cases provided for in the Convention and may also formulate resolutions, recommendations or opinions.

The office of president of the Council of Ministers is held alternately by a member of the Council of the European Communities and a member of the Government of an ACP state, the latter being designated by the ACP States. The ACP Representative holds office from 1 April to 30 September and the member of the Council of the European Communities does so from 1 October to 31 March.

The Council of Ministers meets once a year, or in special session at the request either of the ACP States or of the Community, on a date fixed by the President after consulting the members of the Council.

The Council of Ministers is assisted by **the Committee of Ambassadors**, which is composed of a representative of each Member State and a Commission representative and a representative of each ACP State. A representative of the European Investment Bank attends the meetings of the Committee when matters which concern the Bank appear on the agenda.

The Committee is also responsible for preparing the meetings of the Council and for carrying out any mandate entrusted to it by the Council. The Council may delegate to the Committee any of the powers which it exercises.

The Committee is assisted by :

- the Customs Co-operation Committee provided for in Article 28 of Protocol n° 1 to the Convention,

The Article 108 Committee, set up within the Council of Ministers, has the task of improving the implementation of financial and technical co-operation. It is composed of a representative of each Member State, a representative of the Commission and 11 representatives of the ACP States.

The Secretariat of the Council of Ministers, Committee of Ambassadors, Committees, Subcommittees and of the Permanent Joint Group is run jointly by two Secretaries who are appointed after joint consultation, one by the ACP States and the other by the Community.

The ACP States appointed Mr Thomas OKELO-ODONGO, Secretary-General of the ACP Group, and the Community Mr Daniel VIGNES, Director in the Secretariat of the Council of the European Communities, as co-Secretaries.

The statutes and rules of operation of the Centre, whose activities are guided and controlled by the Committee on Industrial Co-operation, were adopted on a proposal from the Committee of Ambassadors by the ACP-EEC Council of Ministers at its first meeting.

Being of an operational nature, the Centre enjoys in each of the States which are parties to the Lomé Convention the most extensive legal capacity accorded to legal persons. It is non-profit-making. It has its seat in Brussels.

Director of the Centre : Mr Jens MOSGARD

Deputy Director of the Center : Dr Isaac Adedayo AKINRELE

Rue de l'Industrie, 28
1040 - BRUSSELS

An Advisory Council, composed of members chosen on an individual basis from nationals of the States which are parties to the Lomé Convention on the grounds of their qualifications and experience, is responsible for advising the Director of the Center.

The Technical Centre for Agricultural and Rural Co-operation (Article 88 of the Convention), placed under the authority of the Committee of Ambassadors, will shortly be at the disposal of the ACP States' authorities responsible for agricultural development in order to provide them with better access to information, research, training and innovations in the agricultural and rural sectors. It will also arrange in this context meetings relating in particular to tropical agriculture and/or agricultural development questions.

The Centre will have its seat in Wageningen (Netherlands).

COMMITTEE OF SENIOR OFFICIALS ON SCIENTIFIC AND TECHNICAL RESEARCH (COST)

This Committee was set up in 1970 by the representatives of the nineteen States (*) participating in «European Co-operation in the field of Scientific and Technical Research» (COST). The terms of reference given to it on the basis of an exchange of letters between the President of the Council of the European Communities and the Ministers for Foreign Affairs invited to participate in co-operation was renewed and extended by the Conference of Ministers for Research held in 1971.

The tasks of the Committee are to prepare the general strategy of COST co-operation, to select and prepare the various projects and elaborate the agreements relating to them. It is also responsible for managing the COST fund, appointing project co-ordinators and experts and setting up subcommittees.

It is composed of representatives of each participating State and of representatives of the Commission of the European Communities. Its secretariat is provided by the General Secretariat of the Council, which also provides the secretariat for the horizontal subcommittees, and in particular for the Working party on Legal, Administrative and Financial Questions (JAF Working Party) and the Working Party on New Projects.
