#### FOREWORD

The first issue of our Newsletter appeared in November 1963. We feel that the time has now come to bring out an issue giving a chronological and analytical index of all the items we have published during the last fifteen years - from 1963 to 1978.

There are two reasons for this. Firstly, it is necessary to up-date the issue published in 1976, "12 years of Newsletter on the Common Agricultural Policy", which is out of print in all editions: French, English, German, Italian, Danish and Dutch. Secondly, we wish our readers to know that "15 Years of Community Agriculture" is to be the start of a renovated series.

Gianni ROSA

Agricultural Information Service

Issues of the Newsletter on the common agricultural policy were numbered consecutively from 1963 to 1965. From 1966 to 1978 the numbering of issues began afresh each year. To help the reader, a dual system of reference is used in this index: the actual issue numbers (in brackets) are accompanied by consecutive numbers running through the whole fifteen years of publication.
