LES ECHANGES DE LA CE AVEC LES ETATS ACP ET LES ETATS DE LA MEDITERRANEE SUD

EC-ACP TRADE (*)

TRENDS IN THE 1ST QUARTER OF 1980

During the first quarter of 1980 the trade balance of the Community with the ACP States showed a deficit of 1.1 bn EUA - almost double that in the same period of 1979. Between these two quarter imports grew in terms of current value by 44 % to reach 4.8 bn EUA. This latter figure represents 16.6 % of all imports from developing countries and 7 % of all extra-EC imports.

Exports, which stood at 3.7 bn EUA, were 36 % higher than in the first three months of 1978. This growth was considerably stronger than that for sales to other developing countries (+ 24 %) and for all third countries (+ 26 %). This resulted in the ACP accounting for 7 % of the total exports of the Community and 19 % of sales to developing countries.

TENDANCES DU 1ER TRIMESTRE 1980

Au cours du 1er trimestre 1980, la balance commerciale de la CE avec les Etats ACP fait enregistrer un déficit de 1,1 mrd d'UCE, ce qui représente presque le double du déficit de la même période de l'année dernière. Entre ces deux trimestres, les importations se sont accrues en valeur courante de 44 % atteignant 4,8 mrd d'UCE, ce qui représente 16,6 % des importations en provenance de l'ensemble des pays en voie de développement et 7 % de l'ensemble des importations de la Communauté.

Pour ce qui est des exportations (3,7 mrd d'UCE), il faut noter que leur accroissement, 36 % sur le premier trimestre 1979, a été nettement plus fort que celui des exportations aux autres PVD, + 24 %, et à l'ensemble des pays tiers, + 26 %. Cette tendance a porté la part des ACP à environ 7 % des exportations totales de la Communauté et à 19 % de celles aux pays en voie de développement.
