

ISEC/4/83

January 18, 1983

£133.9M TO UNITED KINGDOM UNDER REGIONAL FUND

Fourth allocation of grants, 1982

The European Commission has announced grants of £133.9m from the European Regional Development Fund for 411 projects in the United Kingdom. The money will be paid to the UK Government in step with national expenditure on the projects concerned. This brings Regional Fund grants in Britain to £1 035m since the Fund began in 1975. The bulk of this latest expenditure - £122m - has been granted for infrastructure investment, with the balance going to investments in the industry and service sector.

Scotland is allocated more than £40m under this announcement, including a £12m grant for new signalling on the Paisley-Ayr, Ardrossan-Kilwinning railway lines in the West of Scotland and £6.3m for 11 telecommunications investments in Strathclyde and Lothian. Less favoured agricultural areas also receive help for water, sewage and transport projects. In Wales nearly £10m is earmarked for road, telecommunication and other infrastructure projects, and in Northern Ireland a further £3.4m grant to the Foyle Bridge at Londonderry brings total EC finance to this investment to £9.7m. A total of £20.7m is allocated to North West England, including hotel projects in Preston and Lancaster, restoration of buildings in Liverpool docks as part of a maritime museum, conversion of Manchester Central Station as an exhibition centre and conversion of City Hall to an aircraft and space museum.

About two-thirds of ERDF grants are towards infrastructure projects. This finance is passed on in full to the local and other public authorities concerned, thus reducing the amount they have to borrow to finance the investment in question. As far as industrial projects are concerned, the Community grants now announced represent a Fund contribution of up to half the cost of the assistance given to individual projects by the UK Government. The grants are not paid to the companies concerned in addition to assistance they receive from Government.

	Industry, Tourism		Infrastructure		Totals in £m	
	4th tranche 1982	Total 1975-82	4th tranche 1982	Total 1975-82	4th tranche 1982	Total 1975-82
