EMBARGO: Not for publication or broadcast  
before 15.00 HOURS, MONDAY, 14 JULY 1986.

£26 MILLION REGIONAL FUND GRANTS TO THE UNITED KINGDOM

The European Commission has approved grants from the Regional Development Fund amounting to £26 310 634 in respect of 187 projects in the United Kingdom. This is the fifth allocation of funds this year.

The grants were distributed as follows:

Northern Ireland - 31 investments in industry and infrastructure have received a total of £3.8m. Amongst the projects assisted are the provision of bus stations in Londonderry and Newtownabbey and the provision of a new access to the N.I. Science Park at Muckamore, Co. Antrim which is eventually expected to support 350 jobs.

Wales - 56 projects have been awarded grants of £9.69m, most of which concern investments in infrastructure throughout the assisted areas. Of particular note is the award of £663 000 to the Swansea Innovation Centre which is being developed by the University College of Swansea, and the construction of a leisure centre at Holywell, Clwyd which will assist the development of the tourist industry in this area.

South West - 3 investments in industry and 3 infrastructure projects have received a total grant of £222 500. Of particular interest is the provision of infrastructure at Whitstone Industrial Estate, which will provide the basic facilities for 8 new industrial units.

Scotland - a total grant of £2 284 200 has been awarded to 21 projects, 8 in industry and 13 in infrastructure. Noteworthy is the construction of a sea wall at Carradale Harbour, which will enable the continued use of the harbour by 15-20 small fishing vessels.

Northern Region - 13 projects have been granted a total of £1 455 250. Teeside Airport has been awarded £347 500 towards an extension to the existing terminal building and improvements to the baggage handling facilities. The new terminal will be capable of handling the increasing numbers of passengers using the airport and ensure that the future trends in passenger growth can be accommodated. Also of note is a grant of £43 000 to a Horticulture and Agricultural Training Centre in Middlesborough for which an existing farmhouse is being refurbished and converted for use as a youth training centre in horticulture and livestock management.

.../

Yorkshire and Humberside - a total of £2 545 100 has been granted to 16 projects. £1 084 000 has been granted to Glanford Borough Council towards Phase I of the Elsham Wold Industrial Estate. In Bradford, Anderton International Ltd have been awarded £125 000 towards the provision of additional capacity for the manufacture of circlips retaining rings and spring pressings. 45 new jobs will be created and 20 existing jobs retained.

West Midlands - 13 projects have benefitted from grants totalling £2 789 700. Several investments in industrial workshops have been grant aided including £570 150 towards the Inner City Industrial Centre in Coventry; and £250 600 towards the Birmingham New Enterprise Workshops. South Staffordshire District Council has benefitted from a grant of £835 000 towards the Four Ashes industrial development. In Birmingham a grant of £85 750 has been made to the Cooperative Development Centre to provide shared, low-cost workspace for cooperative start-up ventures.

North West Region - a total grant of £3 455 788 has been awarded to 31 projects. A grant of £200 000 has been made to Manesty Machines Ltd for the manufacture of tablet presses, tablet coating equipment, mixing and granulating equipment, punches and dies. A £25 000 grant has been made to Aerospace Metals Ltd for the manufacture of component parts for the aerospace, off-shore oil, medical and related hi-tech industries. Several infrastructure grants have been made to industrial estate developments, notably £624 000 to Knowsley MBC for the development of the B.I.P. factory site and £421 000 to Tameside MBC in respect of modernisation work at the Carrbrook industrial estate, Stalybridge.
