

£3 548 412 FOR FISHING INDUSTRY PROJECTS IN THE UK

The European Commission has announced grants totalling £3 548 412 under the scheme for the modernisation of the inshore fishing industry and fish farming. The grants are made under the 1982 programme of regulation 1852/78. They are designed to modernise the fleet without increasing capacity in sensitive areas and to encourage fish farming projects which are feasible, profitable and which meet the needs of the region concerned. Grants are awarded as follows:
