Beschreibung dieses neuen Index (1970 = 100) siehe „EG-Index der Erzeugerpreise landwirtschaftlicher Produkte – Methodologie 1976“:

For the description of this new index (basis 1970 = 100) refer to "EC-Index of producer prices of agricultural products – methodology 1976".

Pour la description de ce nouvel indice base 100 en 1970, consulter «Indice CE des prix à la production des produits agricoles – méthodologie 1976».

Per la descrizione di questo nuovo indice (1970 = 100) vedi «Indice CE dei prezzi alla produzione dei prodotti agricoli – metodologia 1976».

Diese Indizes können nicht nur als Gesamtindizes für EUR 9, sondern auch als Teilindizes für Vergleiche über die Preisentwicklung in den einzelnen Ländern verwendet werden. Somit können Vergleiche über die Preisentwicklung eines bestimmten Erzeugnisses theoretisch unmittelbar angestellt werden. Im Hinblick auf die Gruppenbildungen ist zu berücksichtigen, dass das Wägungsschema dem Absatzstrom jedes Landes angepasst ist und dass die Warenkörbe, die den Verkaufswert der einzelnen Erzeugnisse widerspiegeln, sich von Land zu Land unterscheiden und damit die Entwicklung der Aggregate beeinflussen. Unabhängig von diesen räumlichen Vergleichen, gestattet dieser neue Index auch zeitliche Preisvergleiche.

Die Benutzer dieser Veröffentlichung seien darauf hingewiesen, dass es in einigen Ländern nationale Indexreihen über landwirtschaftliche Erzeugerpreise gibt, die auf andere Verwendungszwecke ausgerichtet sein können und sich gegebenenfalls vom EG-Index in der Basis, in der Berechnungsformel und im Erfassungsbereich unterscheiden.

* * *

These EC-Indices can be used not only as EUR-9 indices, but also as indices permitting comparisons of the trend of agricultural prices between countries. This means that comparisons of such price trends can theoretically be made directly for a given product. Where groups of products are concerned, it must be remembered that the weighting structure is adapted to the sales movement of each country. The baskets reflecting the value of the sales of the different products vary from one country to another and therefore affect the trends of the aggregates. Apart from these geographical comparisons, this new index also admits of comparisons between price trends over a period of time.

The attention of users is drawn to the fact that national producer price indices for agricultural products exist for a number of countries; these can have other uses, which, depending on the index in question, may differ from the CE index as regards their base, their formula and their field of observation.

* * *

Ces indices peuvent être utilisés non seulement comme indices EUR 9, mais aussi comme indices permettant des comparaisons d'évolution des prix agricoles entre pays. Ainsi les comparaisons d'évolution des prix peuvent être faites théoriquement directement pour un produit déterminé. Pour tous les regroupements l'on se souviendra que la structure de pondération est adaptée au flux des ventes de chaque pays. Les paniers reflétant la valeur des ventes des différents produits, varient de pays à pays et interfèrent donc sur l'évolution des agrégats. Indépendamment de ces comparaisons géographiques, ce nouvel indice se prête aussi aux comparaisons d'évolutions des prix dans le temps.

Nous attirons l'attention des utilisateurs sur le fait que pour certains pays, il existe des indices nationaux de prix de produits agricoles à la production qui peuvent avoir d'autres usages, et qui suivant les cas, diffèrent de l'indice CE par leur base, leur formule ou leur champ d'observation.

* * *

Questi indici possono essere interpretati non solo come indice d'insieme EUR 9, ma anche quale confronto dell'andamento dei prezzi agricoli nei vari paesi che lo compongono. Così, teoricamente, i prezzi di un determinato prodotto possono essere direttamente confrontati. Mentre, per i vari raggruppamenti, bisogna tener presente che la struttura di ponderazione è basata sul flusso delle vendite di ogni paese, e che di conseguenza i panieri che rappresentano il valore delle vendite dei diversi prodotti, variando da paese a paese, creano interferenze nell'andamento degli aggregati. Prescindendo dai confronti geografici, questo indice può servire al confronto dell'evoluzione dei prezzi nel tempo.

Si richiama l'attenzione degli utenti sul fatto che alcuni paesi posseggono indici nazionali dei prezzi alla produzione dei prodotti agricoli destinati ad altri fini e che, secondo il caso, si differenziano dell'indice CE per la base, per la formula o per il campo di osservazione.

* * *

* * *

Im Verlauf des 3. Vierteljahres 1977 tendierten die Gesamtindizes im allgemeinen nach oben. Die Preise für tierische Produkte standen in allen Ländern mit Ausnahme von Irland im Zeichen einer Wiederaufnahme der Aufwärtsbewegung. Hingegen lassen die Ernteaussichten 1977 eine Rückkehr zu einer normaleren Lage erwarten und verzeichneten die Preise der pflanzlichen Produkte (ohne Obst und Gemüse) vielfach eine Abwärtsbewegung, von Italien und Irland abgesehen.

Die folgende Gegenüberstellung zeigt für jedes der fünf vergangenen Vierteljahre die Entwicklung der Erzeugerpreise landwirtschaftlicher Produkte (ohne Obst und Gemüse) im Verhältnis zum entsprechenden Vergleichszeitraum des Vorjahres und erhellt die oben beschriebenen Erscheinungen.

* * *

In general, during the third quarter of 1977, the price indices for all products tended to rise. The trend of prices of animal products was marked in all countries, except Ireland, by a resumption of the upward movement. On the other hand, prices of crops (excluding fruit and vegetables) were, except in Italy and Ireland, generally lower and closer to a more normal level as a result of the 1977 harvest.

The synoptic table below shows, for each of the five most recent quarters, the movements of the indices of producer prices of agricultural products (excluding fruit and vegetables) compared with the indices for the corresponding quarter of the preceding year, and clearly illustrates the phenomena described above.

* * *

Au cours du 3e trimestre 1977 les indices d'ensemble sont en général en hausse. L'évolution des prix des produits animaux a été marquée dans tous les pays, à l'exception de l'Irlande, par une reprise du rythme de hausse. Par contre, les perspectives de la récolte 1977 ayant marqué un retour vers une situation plus normale, les prix des produits végétaux (à l'exclusion des légumes et des fruits) ont le plus souvent enregistré une baisse, sauf en Italie et en Irlande.

Le tableau synoptique ci-dessous montre, pour chacun des cinq derniers trimestres, les évolutions des indices des prix à la production des produits agricoles (à l'exclusion des légumes et des fruits) par rapport au trimestre correspondant de l'année précédente, et éclaire les phénomènes précédemment décrits.

* * *

Nel corso del 3° trimestre 1977, gli indici d'insieme sono generalmente in rialzo. L'evoluzione dei prezzi dei prodotti animali ha ripreso un ritmo di rincaro in tutti i paesi ad eccezione dell'Irlanda. Invece, per quanto è dei prodotti vegetali (salvo ortaggi e frutta) si registra un ritorno ad una situazione più normale con conseguente ribasso dei prezzi in tutti i paesi salvo che in Italia ed in Irlanda. Questo miglioramento è dovuto ai risultati della raccolta del 1977 le cui prospettive si sono concretizzate.

La tavola riportata qui di seguito presenta per ognuno degli ultimi cinque trimestri le evoluzioni degli indici dei prezzi alla produzione dei prodotti agricoli (senza gli ortaggi e la frutta) in rapporto ai trimestri corrispondenti dell'anno precedente mettendo in rilievo i suddetti fenomeni.
