TO THE
1966 BULLETIN
of the European Economic Community

EXECUTIVE SECRETARIAT OF THE COMMISSION
DIRECTORATE-GENERAL OF ADMINISTRATION

Index
to the
1966 Bulletin of the
European Economic Community

FOREWORD

The subjects are broken down according to the layout for the Bulletin which was adopted from No. 11-1964 onwards, and appear in the index under the following headings:

- I. Internal activities
- II. External activities
- III. The Community and the Associated States
- IV. Institutional and political questions
- V. Administrative affairs
- VI. Activities of the institutions and organs of the Community
- VII. The European Investment Bank
- VIII. Speeches and statements
- IX. Miscellaneous

The references to the text which are placed opposite the various items of the index denote successively: number of bulletin or supplement, chapter, section and page.

The twelve numbers for the year 1966 were published in eleven issues (numbers 9 and 10 comprising a single issue), and numbers 4 to 11 were each accompanied by a supplement.

Whenever it appeared expedient, subjects which may be dealt with from different angles have been indexed under more than one heading (e.g., application of the rules of competition to agriculture has been indexed under both "agriculture" and "competition"). Further outstanding examples are competition in transport, products re-negotiated under Article XXVIII of GATT, agricultural products involved in association agreements, the work of GATT Committee II (Agricultural Policy), etc.

Special attention is drawn to Bulletins Nos. 7 and 9/10, which provide commentaries on the Council decisions of 11 May 1966 on the financing of the common agricultural policy, and of 26 July 1966 on the organization of the sugar, oils and fats, fruit and vegetables markets, as well as to Supplement No. 8-1966, which provides a complete survey of work in the fields of harmonization of legislation from 1 January 1958 to 31 March 1966.

Chapter VI of the index simply lists the meetings of the Community institutions and organs in chronological order, as the subjects dealt with at those meetings have been grouped in the chapter on the matter concerned.

In the "Court of Justice" section the cases have been classified in numerical order.
