Introduction

The catalogue of EC documents comprises the bibliographic notices of the **COM Documents**, **EP Reports** and **ESC Opinions** published during the referenced period, on paper and microfiche, by the Institutions of the European Communities.

This makes it easier for users to follow the progress of a COM document, since the ESC Opinions and EP Reports usually refer to a COM document. This catalogue contains all the publications for these English-language documents, supplied on paper and microfiche. The catalogue is also available in the other official languages of the European Communities.

This list contains exclusively the classified index. The cumulative catalogues, published regularly, will complete the bibliographic notices with an alphabetical and numerical index.

Format

The classified index provides a classification by subject, of the titles, under 19 headings and is largely based on that used for the *'Directory of Community legislation in force'*.

A complete entry appears for each document title.

Subscription system

An attractive system of selective subscriptions is on offer for each of the three series of documents (COM documents, ESC Opinions (CES) and EP Reports (PE DOC)). A selective/combined subscription covering the three series of documents can also be taken out at favourable rates.

This system of selective/combined subscriptions, available on paper only, allows subscriptions by people who have so far done without this important source of information because of the cost.

Microfiche subscriptions are still only possible for each entire series, but attractive rates are available for those interested in all three series.

More information can be obtained from the sales offices, whose addresses are given on the verso of the catalogue.

Note on the other catalogues

Other EEC publications, periodicals and also other **official documents** are published in the catalogue 'Publications of the EEC'.
