Introduction

This catalogue of documents lists the COM Documents of the Commission of the European Communities, the Reports of the European Parliament and the Opinions and Reports of the Economic and Social Committee prepared during the reference period by the Office for Official Publications of the European Communities for distribution to the public on paper and microfiche.

This version of the catalogue takes account only of documents of which English language texts have been prepared. There are parallel catalogues covering documents in each of the eight other official languages of the European Community.

Presentation

Documents are listed in numerical order within each document type under the nineteen main headings of a classification based on that used for the *Directory of Community legislation in force*.

In this Classified Index there is one single entry for each document, showing *inter alia* its number, title, date of adoption by the institution concerned, ISBN and catalogue number followed finally by the microfiche reference(s) for the version of the document in that form.

Frequency and cumulation

It is intended that catalogues of the present type will appear monthly. Cumulative catalogues will be published during and at the end of each year. They will contain alphabetical and numerical indexes, as well as classified indexes.

Subscription system

An attractive system of selective subscriptions is on offer for the paper versions of the three series of documents covered by this catalogue either individually or in combination.

Microfiche subscriptions are also available, but only for entire series, either individually or in combination.

More information can be obtained from the sales offices whose addresses are given on the back cover.

Other publications

Other European Community monographs — whether classed as publications or documents — as well as periodicals are listed in the catalogue *Publications of the EC*.

COMMISSION OF THE EUROPEAN COMMUNITIES

THE SINGLE ACT:

A new frontier

PROGRAMME OF THE COMMISSION FOR 1987:

Statement by Jacques Delors, President of the Commission, to the European Parliament,
Strasbourg, 18 February 1987

Bulletin of the European Commission. Supplement 1/87

The Single Act: A new frontier for Europe

The signing and forthcoming entry into force of the Single European Act and the accession to the Community of Spain and Portugal (following that of Greece in 1981) have brought with them fundamental changes in the structure of the Community and the obligations of the Member States. The Single European Act improves significantly the institutional system and sets new objectives for the Community, notably the completion of the internal market by 1992 and the strengthening of economic and social cohesion.

If it is to succeed in its new responsibilities, the Community must first complete the reforms undertaken, especially since 1984, with the aim of adapting old policies to new conditions: reform of the common agricultural policy, reform of the structural Funds, and reform of the financing system. Once these reforms have been implemented, the Community will have to be given the resources needed to achieve the objectives of the Single act.

By amending the Treaty of Rome in this way, the Member States have set a new frontier for European integration. They have made a qualitative leap forward which must be turned to good account to equip our economies so that they can meet the challenges from abroad and return to more vigorous, job-creating growth.

For this reason, the Commission feels that it should set out the conditions to be met if this great venture is to succeed. This is the thinking behind the proposals it is laying before the Council and Parliament. They are set in a medium-term context, looking towards 1992, the deadline for completion of the large frontier-free market.

Programme of the Commission for 1987

This Supplement also contains the Commission's programme for 1987, as presented to Parliament by Mr Delors in February 1987.
