Introduction

This catalogue of documents lists the COM Documents of the Commission of the European Communities, the Reports of the European Parliament and the Opinions and Reports of the Economic and Social Committee prepared during the reference period by the Office for Official Publications of the European Communities for distribution to the public on paper and microfiche.

This version of the catalogue takes account only of documents of which English language texts have been prepared. There are parallel catalogues covering documents in each of the eight other official languages of the European Community.

Presentation

Documents are listed in numerical order within each document type under the nineteen main headings of a classification based on that used for the *Directory of Community legislation in force*.

In this Classified Index there is one single entry for each document, showing *inter alia* its number, title, date of adoption by the institution concerned, ISBN and catalogue number followed finally by the microfiche reference(s) for the version of the document in that form.

Frequency and cumulation

It is intended that catalogues of the present type will appear monthly. Cumulative catalogues will be published during and at the end of each year. They will contain alphabetical and numerical indexes, as well as classified indexes.

Subscription system

An attractive system of selective subscriptions is on offer for the paper versions of the three series of documents covered by this catalogue either individually or in combination.

Microfiche subscriptions are also available, but only for entire series, either individually or in combination.

More information can be obtained from the sales offices whose addresses are given on the back cover.

Other publications

Other European Community monographs — whether classed as publications or documents — as well as periodicals are listed in the catalogue *'Publications of the European Communities'*.

A Unique Variety

Europe not only stands for "common interests" and "unity", but also for variety. Especially in an area such as vocational training, new approaches and ideas are nourished by the soil of the different social and education systems. You, too, should make use of the wealth of information and research in Europe – through the CEDEFOP journals.

"Vocational Training" its specialized journal, is published in nine languages three times a year and has a circulation of 10,000. It is a source of reference for all those involved in vocational training (decision-makers, programme planners, administrators).

"CEDEFOP news" CEDEFOP's regular information letter, is eagerly awaited every three months by 20,000 readers to whom it presents a panorama of vocational training news from EC Member States.

For ten years now, CEDEFOP has been active, on behalf of the Member States and the Commission, in research, information and documentation work on subjects such as youth employment, adult training, the comparability of training levels, the comparison of vocational training systems, training for disadvantaged groups, etc.

COMMISSION OF THE EUROPEAN COMMUNITIES

A FRONTIER-FREE EUROPE DEADLINE 1992

The large market of 1992 — political achievement, economic challenge.

Not a day passes without the media debating the opportunities and risks involved in the new frontier-free Europe that will soon be opening up for the Member States of the European Community.

Hopes are high of new and continuing economic growth at the same time as fears are voiced about insufficient preparation for the great event.

A firm foundation for hope, however, is established in the report by Paolo Cecchini, former Director-General of the Commission of the European Communities.

How to disperse the fears? That is the subject of a series of far-reaching studies undertaken by experts working in conjunction with Mr Cecchini. These studies are published by the Office for Official Publications of the European Communities under the general title **The Cost of non-Europe**, and consist of the following volumes:
