EXPLANATORY MEMORANDUM

1. The purpose of these proposals is to maintain for a further marketing year at their present rates:
    - (a) production refunds on maize groats and meal, broken rice and other starch products used in brewing
    - (b) production refunds on quellmehl used in breadmaking
    - (c) the potato starch premium.
  
  2. The Council decided last May (Regulation 1125/78, 1126/78 and 1127/78) to grant production refunds on the products mentioned at (a) and (b) above until the end of the 1978/79 marketing year pending a general decision on the starch production refund system as a whole.
  
  3. At the same time, the Council also decided to introduce a premium of 10 ua/t for potato starch for the 1978/79 marketing year which took account of the differing situations in the maize and potato starch industries.
  
  4. Since the situations in the potato and maize starch industries have not changed sufficiently to justify an alteration in the premium and since no general decision has been taken on the starch sector as a whole, the Commission is proposing that the premium and the production refunds listed at paragraph 1 a) and b) should be maintained for a further marketing year.
