

COMMISSION OF THE EUROPEAN COMMUNITIES
PROGRAMME FOR DISABLED PEOPLE

INTRODUCTION

In this special edition of the HELIOS magazine, you will find a directory of the local activities and centres which are participating in the HELIOS programme. It includes 130 addresses, photographs and maps showing the range of action in each EC member state. The map of Europe in the centre pages can be pulled out and used separately as a poster.

The organigram on page 3 indicates how these activities are organised at European level, within the framework of the HELIOS programme. The symbols below will be used throughout, to represent the four networks of activities :

REHABILITATION CENTRES

LMA I — SCHOOL INTEGRATION

LMA II — ECONOMIC INTEGRATION

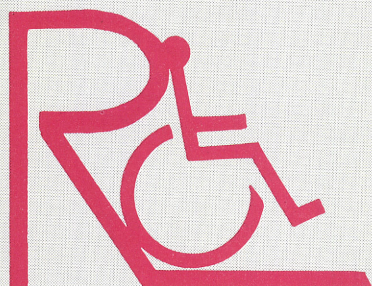

LMA III — SOCIAL INTEGRATION

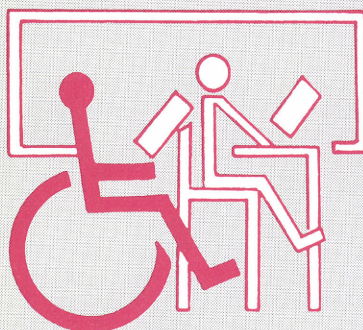

This directory is designed to be a supplement to the HELIOS magazine no 1, where we gave an overview of all aspects of the HELIOS programme. By publishing the main elements of the programme in this way, we hope to increase possibilities for the exchange of information and ideas across the European Community.
